DIRIGIBLE R-34 CROSSING THE ATLANTIC

INDUSTRIAL RELATIONS COMMISSION'S REPORTS BEFORE COMMONS NOW

Majority and Minority Findings Tabled by Borden Yesterday; Majority Report Recommends Bureau to Work Out Industrial Council Idea

Ottawa, July 2.—Majority and minority reports from the Commission on Industrial Relations were tabled in the House of Commons yesterday by Sir Robert Borden. The majority report, which is signed by Chief Justice Mathers, Carl Riordan, Charles H. Harrison, Tom Moore and John W. Bruce, recommends legislation for a maximum work day of eight hours, with a weekly rest of not less than twenty-four hours, a minimum wage, especially for women, girls and unskilled labor, and Government action to relieve unemployment through public works, to help the building of workers' homes, to restore fullest liberty of shops and to establish a bureau for promoting industrial councils to improve relations between employers and workers. An immediate inquiry by experts is suggested with a view to early legislation as to the system of proportional representation in Parliamentary elections; also state insurance against unemployment, sickness, invalidity and old age.

Other general recommendations are: Bargaining, payment of a living wage, right of workers to organize and recognition of unions, steps toward establishment of joint plant and industrial councils; to the poorest workers' children, extension of opportunity to reach the highest educational institutions; that the Commission's findings be put into effect in all work controlled by the Government where the principles of democratic management can be applied; that the report and evidence be printed for general distribution, and that if the Dominion Parliament has not power to legislate as proposed by the Commission, a conference of the Premiers and other representatives of the Provincial Governments and representative labor men and employers be called at Ottawa in order to reach unanimity on such points, and that the present Provincial and Dominion legislation bearing on relations between employees and employers be unified.

Unrest.

The Commission was appointed chiefly to consider and make suggestions for securing permanent improvement in the relations between employees and employers. It was deemed necessary to investigate the prevailing unrest, which the Commission ascribes largely to the upheaval in Europe and the general disturbance owing to the war giving rise to a desire on the part of the workers generally to reach quickly an objective which ordinarily would require a process of evolution lovering a long period.

Methods.

Many employers, the report states, agree with the workers as to the need for an ultimate change in the basis of industry, but they do not agree with workers as to methods. Workers also differ among themselves, one group desiring complete possession of the machinery of production and the full product of their labor, and another group simply askinig larger purchasing power for their wages, the majority, would welcome co-operation and industrial peace until gradually a system would be evolved by which the workers would receive a more adequate share of what their labor produces. The Commission holds that as we can see only a little way ahead, all changes should be made step by step, each step being based on experience, as such is gained, but the general direction should be directed toward the health, happiness and prosperity of the workers and the service of the community.

Workers Studying.

Workers are diligently studying economic questions and while some of the literature they read may be unsound, or the lack of mental training of some workers may prevent their thorough understanding of it, the Commissioners are convinced that the good sense and sound judgment of the majority enable them to discriminate, and hence extreme doctrines have been accepted only by a minority.

Unrest was found to be greatest where there was most unemployment, which was found in several large urban districts, though a little was found in smaller towns and rural districts. In spite of the number of discharged soldiers and munition workers released in some manufacturing centres, such as Kitchener, Ont., an actual scarcity of labor was found. Returned soldiers had to a large extent been re-absorbed into civil life, generally in their old positions.

Farm Help.

The scarcity of farm help was found to be very pronounced. At one point the Commission learned that the local Government employment office had 15,000 applications from farmers, but only 1,000 men on the list were seeking work. None were willing to go on the land because of the isolation, hard and long hours of work and seasonal employment bringing wages insufficient to tide over the slack season. Many farmers claimed that they could not compete with the high wages paid by manufacturers. The Commissioners be-

(Concluded on page 11)

PROTECTION FOR THE FRENCH NATION

Britain and States Ready to Aid France If Necessary

Paris, July 2.—The Franco-British and Franco-American treaty. The Journal says, Provides that the intervention by Great Britain and the United States on behalf of France against Germany would be inter-dependent. Great Britain and the United States, it is added, would help France only by combined action and not separately. The paper declares that their intervention must occur if the disarmament of the Rhine territory should not be sufficient to protect France from German aggression.

REINSTATEMENT OF TELEPHONE GIRLS

Vancouver Unions Will Work If Operators Given Positions Again

Vancouver, July 2.—Providing a settlement is reached between the telephone operators here and the B.C. Telephone Company, the longshoremen in all probability will resume work this evening. It is understood that practically every union out on strike will go back to work if the telephone girls are taken back on the same basis as before the strike. Negotiations with the head officials of the telephone concern have been carried on since Tuesday and it is believed a satisfactory arrangement is being made.

It is understood that the telephone company officials have agreed to take back all the striking employees, but that there are a few supervisors who will not be permitted to return to their former positions, the company offering to take them back as chief operators. The company, however, proposes to retain those girls who have been staying on the job and who wish permanent positions.

GOVERNMENT LOOK INTO LAND PURCHASE

Reported That Liberal Official Made $10,000 Out of Okanagan Deal

PREMIER OLIVER AND MINISTER WILL CONFER

With the object of discovering whether a report is true that the President of the Kelowna Liberal Association netted a profit of $10,000 as the result of the purchase by the Land Settlement Board of the Christian ranch in the Kelowna district, the Government has just concluded an exhaustive inquiry into all the surrounding circumstances. Premier Oliver stated this much to The Times representative this morning, indicating at the same time that he could not amplify his statement until he had received a final report, and until he had conferred again with the Minister of Agriculture. "But you may say this," said Mr. Oliver with his usual determination, "I shall take such steps as the situation warrants."

Details of Transaction.

Details of the transaction indicate that the Minister of Agriculture recommended, and the Cabinet approved, the purchase of 440 acres of land known as the ranch mentioned above on the repeated recommendations of Francis R. E. deHart, one of the directors of the Land Settlement Board. The price paid by the Government was $33,000, and it was understood by the Cabinet that this was the lowest price the actual owners of the property would take.

However, it is said that certain information came to the knowledge of the Government after the sale was consummated, which led to the investigation being made. The inquiry so far is said to show that the sale which Mr. deHart recommended was not a purchase from the actual vendor, but a purchase under a short option which netted the option holder, President Morrison, of Kelowna Liberal Association, nearly $10,000 profit. So far as can be ascertained the option held by Mr. Morrison is said to have been obtained for $100 by that gentleman early in December last. Sixty days later it was renewed for ten days for a further $500, but a sum of $600 discount was allowed off the purchase price of $24,000 when the payment was made in the middle of last March.

Profit of $9,600.

It is said that the investigation made by the Government shows that the transfer to Mr. Morrison was made on the same day that Mr. Morrison transferred to the Government. It is further alleged that in addition to the profit of $9,600, which Mr. Morrison is said to have made on the deal, he also got the stock and implements of the ranch, which are valued at over $1,000.

In making the recommendations for the purchase from Mr. Morrison, Director de Hart is said to have urged that the property would be ideal for dividing up into small holdings for soldier-settlers.

It has been the inflexible policy of the Land Settlement Board to deal only with principals, the Government taking the stand that it would be improper to allow commissions and profits to agents, when those commissions and profits would have to be charged up against the purchase price which the soldier settlers would have to pay for the land on its sub-division. In this case, if the circumstances be proven, the Government, at the suggestion of a director of the Land Settlement Board himself, was merely dealing unwittingly with an option holder.

Next Sunday Set as Thanksgiving Day in United Kingdom

London, July 2.—Next Sunday, July 6, has been named as a day of national thanksgiving in the United Kingdom for the coming of peace. Services will be held in all churches throughout the country.

King George and Queen Mary and public officials will attend a service at St. Paul's Cathedral.

July 19 will be a day of national rejoicing and thanksgiving and services will be held everywhere in the army and navy.

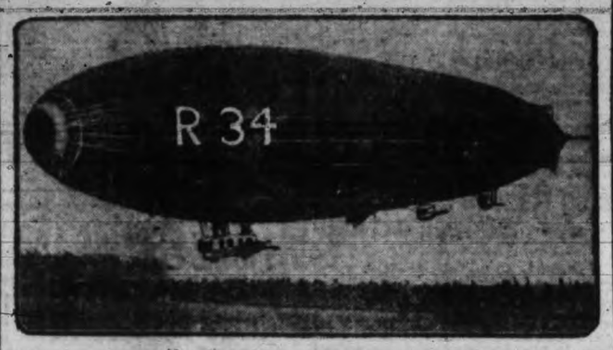
GERMAN ASSEMBLY PROBABLY WILL RATIFY PACT NEXT WEEK

Paris, July 2.—The Germans expect to ratify the peace treaty the first of next week, according to a note sent to the Allies. The note was one acknowledging the Allies' stipulation that the blockade will be raised when the treaty is ratified.

The Germans also expressed the hope that German war prisoners would be released at the same time.

Paris, July 2.—The proposed solution of the Italian problem being discussed here, it is understood, contemplates the giving to Italy of certain colonial possessions, probably in Africa, in return for her support of the decision of the Peace Conference on the Adriatic settlement.

BRITISH DIRIGIBLE R-34 FIRST TO ATTEMPT ATLANTIC FLIGHT



TONS OF BOLSHEVIK PAPERS SEIZED IN RAIDS MADE BY 130 MONTREAL POLICEMEN

Montreal, July 2.—A concerted raid by 130 policemen under the direction of Chief Belanger was carried out early yesterday morning in all the foreign quarters of this city and some tons of Bolshevik and Socialistic literature were seized. No arrests were made, but the police, armed with a special warrant supplied by the Federal authorities, ransacked the premises, took up carpets, searched cupboards, and garments of inmates, thoroughly combing the places visited, including houses in the redlight district, hotels and apartment houses in every part of the city.

A red flag bearing the initials "I. W. W." was taken from a house in Cadieaux Street.

At Saskatoon.

Saskatoon, July 2.—The local Labor Temple was raided by members of the Royal Northwest Mounted Police at 4 o'clock Monday afternoon. No arrests were made but a large number of documents was seized.

At Brandon.

Brandon, Man., July 2.—The Trades and Labor Hall here was raided Monday night by members of the Royal Northwest Mounted Police, under command of Inspector French. The homes of three strike leaders also were visited. In the raids large quantities of literature and records were confiscated. Inspector French is taking the evidence collected to Winnipeg.

PENSION REQUESTS OF RETURNED MEN

Desires of Members of G.W.V.A. Discussed at Dominion Convention

Vancouver, July 2.—The proceedings of the Dominion convention of the Great War Veterans' Association here yesterday were featured by the first reading of the resolution on pensions presented by the resolutions committee. In this resolution, comprising no fewer than seventeen sections, the desires of the Great War Veterans' Association as expressed in a large number of resolutions from various branches are set out. The matter is being debated again to-day.

For Dependants.

Another important issue before the gathering yesterday was a resolution regarding the refund of passage money to dependents of soldiers returned to Canada from the United Kingdom. This resolution asks that refunds for dependents who went to the United Kingdom be made retroactive from August 4, 1914.

An amendment to the effect that the motion should be made applicable to the dependents of Canadians who joined the Imperial service gave rise to an interesting debate. Delegates who had been members of the Imperial service put up such a good fight for their side of the case that the sponsors of the resolution accepted their amendment.

Allies Also.

Then Comrade Lebell, of Hull, made a strong plea for the dependents of French soldiers and other men of the Allied forces who left Canada to follow their husbands overseas, to be included in the refunds, pointing out that members of the Allied forces other than the British had fought for but a few cents a day. He moved an amendment that the dependents of all members of the Allied forces be included, and the amendment carried.

Comrade Margeson, of the pensions committee, stated that but 500 persons would be affected by the Lebell amendment.

Presented to Committee.

In the rebate on the first reading of the pension resolution, Comrade Andrews, M.P. for Centre Winnipeg, stated that the principles contained in the motion had been presented to a Committee of the House of Commons some time ago by the Dominion executive of the Great War Veterans Association, and that during the present session the Committee had been sitting two and three times a week on the pension question, as a result of which a new pension bill would be presented to the House within a few days. (The new pension bill was given third reading in the House of Commons yesterday).

"A new pensions bill will be brought down in the House during this session," said Major Andrews. "It will not please everyone. It does not meet entirely with my approval, but I want to tell you that it undoubtedly makes the most generous provisions of any pensions bill in the world.

Resolution.

The pensions resolution, which is being debated by the veterans again to-day asks:

"That the pensions paid under Schedule A and Schedule C be increased, and that the increase be fixed in accordance with the present cost of living to arrive at the amount required

(Concluded on page 11)

MAY BE A FRESH OUTBREAK IN BERLIN

Indications Point to Strike Movement Developing Into Political Insurrection

Berlin, July 1.—Via London, July 2.—The Communistic leaven has again arrived at the fermenting stage in Greater Berlin and there are indications that the strike movement may develop into a political insurrection.

The street car strike threatens to involve the suburban and Belt Line Railway workers, if not the big industrial plants. The frankness with which the radicals are now demanding a dictatorship by the proletariat is looked upon as significant. In the meantime Gustav Noske, Minister of Defence, is generally tightening the martial law regulations.

Montenegrins up in Arms Against Serbian Occupation

Berne, July 2.—Virtually all of Montenegro is in rebellion against the Serbian military occupation, according to private advices received here. Bloody encounters, it is said, have occurred at many places and guerilla warfare is reviving in the mountains.

AEROPLANE FLIGHT.

Penticton, B. C., July 2.—Arrival here from Vancouver of Lieut. Ernest Hall in a Curtiss biplane marked the farthest inland point yet reached by air route in British Columbia. The trip from the coast was made in three hours and forty-five minutes.

BRITISH AIRSHIP ON WAY FROM SCOTLAND TO AN AMERICAN PORT

Giant Aircraft R-34 Had Reached 17 Degrees 50 Minutes West Longitude at Six o'Clock This Morning, Victoria Time; Wireless Messages

London, July 2.—The British dirigible R-34, which left East Fortune, Scotland, at 1.48 o'clock, Greenwich time, this morning, on her attempt to fly across the Atlantic, had reached 53 degrees north latitude, 17 degrees 50 minutes west longitude, at 2 o'clock Greenwich time this afternoon (6 a. m. Victoria time).

London, July 2.—The British dirigible R-34, which left East Fortune, Scotland, for the United States to-day at 1.48 a. m., Greenwich time (5.48 p. m. Tuesday, Victoria time), had reached 50 degrees 7 minutes north latitude, 14 degrees 50 minutes west longitude, at 12 o'clock, Greenwich time (4 a. m. Victoria time) in her attempt to cross the Atlantic.

Major Scott, commander, in a wireless dispatch, said the dirigible was making thirty-two knots an hour in a thick fog. He added that all was well.

The position of the R-34 at 12 o'clock, Greenwich time, was approximately 300 miles west of Penzance, Eng., indicating that the big airship had traveled in a southwesterly direction along the coast of Ireland since she had made her previous report at 8 o'clock, Greenwich time, at which time the commander reported her as making an average speed of 45 knots an hour.

The next wireless dispatch from the airship came at 10.05 a. m., when the commander stated she was going through a thick fog, but that everything on board was going well.

The mail carried by the R.-34 includes a letter from King George to President Wilson.

A Quiet Start.

East Fortune, Scotland, July 1.—(Associated Press) — The British dirigible R.-34 started on her long-heralded trip to America this morning at 1.48 with very little more of ceremony than that which attended the departure of dirigibles for their monotonous North Sea patrols during the war. Shortly before the first streaks of dawn broke over the plains near here, the great airship was quietly taken out of her aerodrome and turned around until her nose was pointing straight west. The command "Hands off" was given and the huge envelope quickly rose. Before the height of 500 feet had been reached she was lost to view in the mist.

FURTHER RAIDS MADE AT WINNIPEG

Papers Seized by Police in Labor Temple and Thirty Houses

Winnipeg, July 2. — Documents, literature and letters of a revolutionary character were seized when the Winnipeg Labor Temple and the homes of thirty members of the radical Socialistic Party of Canada and members of the Ukrainian Social-Democrat Party were raided early yesterday morning.

The raid, which was consequent upon an investigation which had been proceeding for months, long before it was thought Winnipeg would have a general strike, and was part of the programme against the spread of Bolshevism, was carried out by members of the Royal North West Mounted Police under the direction of the Dominion authorities.

Papers From Russia.

Among the houses visited and searched by the police were those of men who had been prominently connected with the general strike. The homes of Matthew Charitonoff and Devyetaken, who are now held in Stony Mountain Penitentiary in connection with the arrests of June 17, were visited. It is understood that among the literature seied was some received direct from Russia.

One effect of the raid, it is authoritatively stated, is to convince the authorities more than ever that underlying the present unrest in Canada is a well-defined movement to encourage revolutionary movements.

"We are dealing with an attempt at revolution and the public, and especially the working classes, should be wise to it," was one of the comments by an officer who had taken part in the raid.

Street Car Service in Dominion Capital Tied Up by a Strike

Ottawa, July 2.—The employees of the Ottawa Electric Company went on strike at 5 o'clock yesterday morning and not a car moved yesterday and there is no service to-day.

D'Arcy Scott, chairman of the board of conciliation dealing with the dispute, on Monday night made a request of the men to withhold the strike action until the board could make its award, but the men refused to do so.

The men have been receiving thirty-nine cents an hour and are demanding sixty cents.

SPECIAL MEETING TO DISCUSS BY-LAW

Principles of Trade Taxation to Be Considered by Conference on Thursday

To consider the city's new trades license by-law and the principles of taxation therein embodied a conference between members of the City Council and Victoria merchants will be held on Thursday night.

Since the Council started its deliberations on the new ordinance, various suggestions as to how revenue should be secured from trades licenses have been forthcoming. The Council by-law arranged the cost of taxes on the basis of departments in a store, or the rooms in a hotel. It was proposed to members of the Council—and the proposal met with much favor—that the price of licenses should be determined by the number of workers in an establishment. It was also suggested that a "zone" system be established.

As both the Board of Trade and the Retail Merchants' Association have expressed a desire to discuss the question further with the Council a special meeting has been arranged, as stated, for Thursday night. The deliberations of this meeting will have a great deal to do with the decision of the aldermen as to what principle of taxation should be applied.

Considering that industry should be encouraged to the greatest possible extent, the Council at its last meeting reduced the price of licenses for foundaries, mills and other similar establishments from $50 to $25 every six months. Again the proposed tax on private schools was removed and various other minor changes in license fees effected. But the broad principles of taxation remain to be considered by the special meeting. It is understood that the Council is favorably disposed to the proposal that the fees should be determined by the number of workers in a store.

LIST OF SAILINGS AND SOLDIER PARTIES ARRIVING.

Revised to Noon, July 2.

The S. S. Cassandra is due at Montreal on July 3 with troops for this district.

The troop special 1614, from the S. S. Saturna, with 1 officer and 41 other ranks for Victoria, left Regina, Sask., at 2.45 a. m. on July 2.

The S. S. Mauretania is due at Halifax on July 3 with 17 other ranks for Victoria.

The party from the S. S. Belgic, consisting of 4 officers and 2 other ranks, left Halifax on July 1.

AMERICAN-GERMAN MARRIAGE QUESTION

Coblenz, July 1.—Via London, July 2.—(Associated Press)—The judge-advocate's department at army headquarters here was kept busy to-day with inquiries from various parts of the occupied area as to whether marriages between American soldiers and German girls would be allowed, now that the peace treaty had been signed. More than 140 inquiries were made to-day by various individuals, including several officers. A ruling on the question will be made in a few days.

The order against fraternizing with Germans still is in force nominally, and will continue probably until Germany ratifies the treaty.

GERMAN TROOPS STILL IN RIGA

Copenhagen, July 2.—A telegram to the official Lettish Bureau from Libau says that the report of the evacuation of Riga by the Germans is premature.

WHEAT TO GREECE FROM THE DOMINION

15,000,000 Bushels Within Twelve Months; Some Commandeered Now

Toronto, July 2.—Wheat in all Canadian elevators has been commandeered by the Board of Grain Supervisors in order to provide Greece with 15,000,000 bushels within the next twelve months, it has been announced here. No shipments can be made at present without permits from the Board.

It was explained this method has been employed in order that Greece's supply of wheat may be furnished as equitably as possible from the different elevators in Canada where it is being held. The first part of the order, which is 3,500,000 bushels, must be filled within two months and a large part of this is now at Montreal awaiting shipment on July 15. All of Canada's wheat is now in the hands of the millers and experts assert there is enough to meet requirements of Greece as well as the needs of the Dominion until the next crop arrives.

It is expected here that the regulations now in force will be lifted within a few days.

BUSH FIRES RAGE IN NORTHER ONTARIO

Englehart, Ont., July 2.—In a continued absence of rain, a serious situation is fast developing from bush fires throughout the territory north of this place to Cochrane and along the National Transcontinental Railway. The bush is burning vigorously in many places and a heavy pall of smoke hangs in the sky.

The most serious damage, according to reports received here, has been done in the district from Porquiet Junction north and west and at Potter, some seventeen miles from Cochrane, a section house, other buildings and 10,000 cords of pulp having been destroyed.

Settlers are being urged to leave their homes in some parts and there are conflicting reports of serious damage done along the National Transcontinental Railway west of Cochrane. No lives have been lost so far as is known here.

Mallek's July Sale Presents Unusual Values

Quality is always a by-word in this store, and especially during the July Clearance is it emphasized by the lowered prices. Every garment we have on hand—and there are a good many—has been repriced most advantageously from the purchaser's point of view, for clearance. The reductions are

OFFICIAL PRAISES ROAD MAKING IN BRITISH COLUMBIA

General Secretary of Engineering Institute Pays Visit Here

FRASER S. KEITH ON TOUR OF INSPECTION

"The whole engineering profession in Canada is watching with approbation the improvements which have been effected in the public works department, and in other directions by the British Columbia Government during the last two and a half years," said Fraser S. Keith, of Montreal, general secretary of the Engineering Institute of Canada, to The Times yesterday.

Mr. Keith was in Victoria in the course of a tour which he has made to every branch throughout the Dominion. On the way West he attended conventions of the civil engineers of America. There are two other sectional bodies in the United States. The four sections are all embraced in the membership of the Engineering Institute of Canada, as now constituted.

Against Reaction.

"One thing which has come up," said Mr. Keith, "upon which I should like to say something, is that one of the political leaders in British Columbia is reported to advocate the return to the old system of road foremen.

"If that statement were true, then I would say that such a plan is the most iniquitous political system which was ever devised to aid political friends. The British Columbia Government has now a most magnificent system of road making under engineers—as it should be—and as is done in every enlightened country. The British Columbia Government deserves a great deal of credit for this change, and the only criticism is that there are not enough engineers to distribute the work satisfactorily. Any reversion to district foremen would be a retrograde step, which must be condemned.

"Everywhere throughout Canada road building is now being done by engineers, and it is no use pretending that anyone can build roads—that the farmer, the butcher or the lumberman can turn out a good job. The reason why we have had poor roads hitherto has been due to that cause, that they have been built by men who do not understand construction. Good roads require the attention of engineers who understand details of construction. Too often it is cstomary for aldermen on receiving the honor of election to believe that there descends a mantle of knowledge making them wiser and more capable than men who have spent their life in the engineering profession."

Improving Profession.

Dealing with the professional aspect of his work, Mr. Keith stated that the Engineering Institute had secured official recognition for engineers, and was improving the status of the profession thereby; the society also by raising the professional standard of the man, was also obtaining for the public better workmanship and construction in various undertakings.

"We are now," stated Mr. Keith, "taking the opinion of members to ascertain whether the individual branches shall apply to their provincial authorities for incorporation. By demanding university training, and professional experience, or else tried proof of the execution of public and similar undertakings we are endeavoring to set up a standard which will not only secure better results for the individual members, but also for all concerned. The capacity to handle an instrument is not proof of engineering skill. Thus when structures are erected which by faulty design may endanger human life, we have a duty to secure their execution by competent persons. Progress towards standardization has been considerable in the last two years."

The Institute was largely responsible for the creation by the Department of Soldiers' Re-establishment, of the professional and engineering division of its information and service branch. Mr. Keith is inclined to the belief that still further measures entirely outside and beyond this will have to be devised if the country is to utilize the great national asset that the technical knowledge and experience of the engineers constitutes.

A City of Flowers.

Mr. Keith formerly practiced in British Columbia. Yesterday he was driven over the Malahat by A. E. Foreman, Chief Engineer of the Department of Public Works. On returning he remarked to The Times man who accompanied him to the steamer: "I know it is the habit of people to praise Victoria, but after travelling to every place of note in Canada, from Halifax to Victoria, and giving credit to parks, boulevards, and every class of public pleasure ground, I will say there are more flowers to be seen in Victoria at any period of the year than anywhere else in the Dominion."

REPORT ON COST OF LIVING DISCUSSED

Warm Debate in Commons; Pensions Bill Given Third Reading

Ottawa, July 2.—There was a fairly warm debate in the Commons Monday afternoon on the interim report of the Cost-of-Living Committee, which recommended the naming of a tribunal to investigate trusts, mergers and prices and on which a bill carrying out the Committee's recommendations is to be based. The report from the Committee was not unanimous, having been adopted by the casting vote of G. B. Nicholson, the chairman.

A motion by D. D. McKenzie, the Liberal Leader, to have the report sent back to the Committee was defeated on a vote of 84 to 35, a Government majority of 49. Hon. W. S. Fielding and Dr. Michael Clark voted with the Opposition.

Pensions Measure.

Third reading was given the pensions bill after the rejection on a standing vote of a motion by the Hon. Rodolphe Lemieux to strike out the "unmarried wife" clause.

At the evening session, when the bill to enable the Government permanently to employ returned soldiers and others who replaced the Winnipeg strikers was under discussion by Hon. R. Lemieux, D. D. McKenzie, Dr. Michael Clark, T. M. Tweedie and H. A. Mackie, Edmonton, urged that some measure of leniency be shown the ex-postal clerks now out of employment.

Sir Robert Borden and Hon. Arthur Meighen declared, however, that the Government could not recede from the position it had taken in the matter. Sir Robert said it would not be in the public interest for the Government to back down, while Mr. Meighen said that if the former postal employees were reinstated, it would be an admission that the Government's policy was weak and vacillating.

Hon. N. W. Rowell, who was in charge of the bill, said the appointees were largely returned soldiers who would not come into the service unless they were given assurance of permanent employment. Notice had been given the strikers that unless they returned to work on a certain date their places would be permanently filled. This bill was necessary because the action was a departure from the principles of the Civil Service Act.

Mr. Lemieux said he had no objection to making these permanent employees, but he understood that the Prime Minister had received an appeal.

White Before Committee.

Thrift and hard work, Sir Thomas White informed the Commons Cost-of-Living Committee on Monday were the only remedies for the high cost of living. There must be, he said, an increased production, especially of farm produce. The remedy was to increase production and reduce consumption. These were the remedies—just simple thrift and hard work. That principle was as old as humanity, but it was sound. When people saw the phenomenon of high prices all over the world they might depend upon it that they were not due to any local conditions.

Sir Thomas agreed that anything could or would be done locally should be done. If there were any combines affecting prices they should be dealt with. If any unfair advantage were being taken it should be dealt with.

Canada's Part.

"But dealing with the world situation which has produced high prices," Sir Thomas went on, "I would say that Canada should do her part, and that is to increase production, and so far as we can get people to do it, to diminish their expenditures. I don't mean legitimate expenditures, I mean extravagance."

Sir Thomas did not think that note expansion or credit expansion had any direct influence upon prices. The indirect influence was that the people, as a whole, had higher wages and higher purchasing power.

ALLIED-POLISH PACT MADE PUBLIC

Paris, July 2.—The treaty which the Entente Powers and the United States signed with Poland has been made public here. Under it Poland agrees to protect the minorities against discrimination, assumes payment of such share of the Russian debt as shall be assigned to her by the Inter-Allied Commission and agrees to support important international postal, railway, telegraphic and miscellaneous conventions.

CELLULOSE REPORT.

London, July 2.—Rt.-Hon. Andrew Bonar Law stated in the House of Commons yesterday that the report of the Commission on the British Cellulose Company would be presented before the end of the month.

Coughs, Colds, Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully-soothing vapor of Catarrhozone instantly reaches the furthest recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

Catarrhozone
Just Breathe It

To permanently cure your winter ills your coughs sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitutor. Large outfit last two months, costs $1.00, small size 50c., trial size 25c., at dealers everywhere

"LUCKIEST DAY OF MY LIFE," STATES VANCOUVER MAN

"Tanlac Is Only Medicine I Ever Saw That Does What They Say It Will," Says Lobban

"This Tanlac is the only medicine I ever saw that does just what they say it will do," said Frank Lobban, a well-known employee of the Vancouver Engineering Works, and lives at 143-63rd Avenue, East, Vancouver, while talking to a Tanlac representative the other day.

"My stomach went back on me about six months ago," he continued, "and I have had a pretty rocky road to travel ever since. I would have bad spells of indigestion every time I ate anything, and gas would form so bad that I would be perfectly miserable for hours at a time. There was never a day that I did not have a bad headache. I also suffered with pains in the small of my back, and when I had to stoop over for anything I could hardly straighten up again. I had to take a purgative of some kind every day, as I was badly constipated all the time. I tried hard to get rid of these troubles, but it just looked like the more medicine I took, the worse off I got.

"I noticed in the papers where Tanlac had been relieving a good many people of the same kind of trouble that I had, so I decided to give it a trial myself. I will always consider that the luckiest day of my life was the day I bought my first bottle of Tanlac, for it finally overcome all my troubles after everything else I tried had failed. My stomach is in as good condition now as it ever was, and I can eat just anything that my big appetite calls for, and I never suffer a particle afterwards. I honestly believe I eat as much in one day now as I did in three days before I took Tanlac. That dull, constant pain has left my back, too, and I havn't had a headache since I finished my first bottle of this wonderful medicine. I sleep like a rock every night now, and get up in the mornings ready for a big breakfast and a hard days' work. I preach Tanlac to all my friends, and I am more than glad to give this statement, I have been greatfully benefitted, and want to help others who suffer as I did."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Advt.

ROBERT HUNTER DIES IN WINNIPEG

Came to Canada Seventy-four Years Ago; An Orangeman Seventy Years

Winnipeg, July 2.—Robert Hunter, the dean of Orangeism in Canada, died yesterday at the home here of his daughter, Mrs. F. G. Davies, after a brief illness. He was in his eighty-ninth year.

Mr. Hunter was a native of Ireland. He came with his parents to Ontario seventy-four years ago, and was a resident of Ontario for thirty-nine years.

He joined the Orange Order when he was eighteen years old, and was the oldest Orangeman in years and in membership in Canada, and during his seventy years' membership had missed only three meetings of the Grand Lodge of the Order. For fifteen years he was master of Term. Ont., Lodge, No. 355, and during his residence in Winnipeg had been a member of Ulster Heroes Lodge. He was a life member of the Grand Orange Lodge of British America, of the Grand Orange Lodge of Saskatchewan and of the Grand Orange Lodge of Manitoba.

Mr. Hunter was pre-deceased by his wife, her death occurring nine years ago. Surviving him are two sons, George Hunter, of Wetaskiwin, Alta., and I. E. Hunter, of Yorkton, Sask., and five daughters, including Mrs. Alma Jackson, Hastings Coulee, Alta., Mrs. W. J. Fleming, Adair, Sask., and Mrs. J. H. Richardson, Nelson, B. C.

HUNGARIANS LEAVING CZECHO-SLOVAK AREA

Budapest, July 1.—Via London, July 2.—In accordance with instructions from the Allied Governments, it was announced to-day that the Hungarian troops have begun the evacuation of the Czecho-Slovak territory into which they had advanced.

GENERALS WATSON AND ODLUM ARRIVED IN CANADA LAST NIGHT

Quebec, July 2.—Major-General Sir David Watson, the commander of the Canadian Fourth Division, arrived here last night on board the steamship Minnedosa, after an absence of nearly five years. He was given a warm welcome.

The Minnedosa was docked at 10 o'clock, carrying thirty-nine officers, 293 men and 738 dependents and ninety-six munition workers. Apart from General Watson, there arrived General Odlum, Lieut.-Colonels Lyall, Tait and Simpson and Major Vanier.

WINNIPEG THUGS TIED MAN TO TREE; ROBBED HIM; BURNED AUTO

Winnipeg, July 2.—J. Kaplan, a taxicab driver, was held up Monday night by two masked men at Tuxedo, a suburb, who, after robbing him of $250, tied him to a tree and set his automobile on fire. He was not released until five o'clock yesterday morning when a farmer passing near heard his cries for help.

The provincial police are now working on the case but thus far no arrests have been made

"THE FASHION CENTRE"

JULY SALE — Angus Campbell & Co. Ltd. — JULY SALE

1008-10 Government Street

A Wonderful July Selling Awaits You Throughout This Store

WHAT a satisfaction it is to find such an abundance of value-giving displays just when one needs so many things to make the warm summer days comfortable and enjoyable indoors and out. So many women will welcome the buying opportunities we have carefully planned for our Special July Selling that you'll find it advisable to number yourself among the early visitors here to-morrow.

July Clearing Sale of Dainty Wash Frocks

DOUBLING OUR ARMY.

Not a few members of the House of Commons were mystified a few days ago by the request of the Minister of Militia for authority to increase the permanent military force of Canada from 5,000 to 10,000 men. They pointed out that the war was over, the peace treaty with Germany was about to be signed, all indications foreshadowed a sweeping reduction in the naval and military establishment of every other country, Canada was confronted with a deficit of $300,000,000 this year and an annual charge in the future several times as great as before the conflict, involving heavy taxation, and they, therefore, failed to appreciate the wisdom of the Dominion now, of all times, doubling its expenditure under this head.

W. F. Nickle, Unionist member for Kingston, declared that the maintenance of a permanent force of 10,000 men would involve an annual cost of $15,000,000. Mr. Nickle's estimate is too low. The cost is certain to run to $20,000,000 per annum. This, however, would not cover the whole expenditure required by the Department of Militia and Defence, for maintenance of a permanent force, while perhaps the largest factor in the military budget, is not the only one.

If Canada maintains a permanent force of 10,000 men Parliament probably will have to vote between $25,000,000 and $30,000,000 per annum for the whole military service, or nearly three times as much as it appropriated in 1913.

The Minister of Militia and Defence received authority to go ahead with his project, although a large proportion of the members voted against it. But we venture the prediction that when the taxpayers of Canada begin to pay the piper there will be a mighty radical revision of the estimates of the Department of Militia and Defence.

EVERYBODY'S PROBLEM.

In an address to prominent bankers and other businessmen in Chicago recently Henry P. Davison, of the firm of J. P. Morgan & Co., advocated a Commercial League of Nations to restore Europe to a productive basis. Mr. Davison, who has spent much of his time on the other side of the Atlantic and intimately understands the economic position there, pointed out that what must be done for Europe was no less an American than a European question, affecting every city in the United States.

Europe, Mr. Davison said, needed food, materials, in fact everything this continent can furnish. It owed the United States $10,000,000,000. This vast sum could be paid in only two ways, in gold or in goods. Europe, Mr. Davison explained, could not sent gold and could not export goods unless its manufactures were restored to a productive basis.

Mr. Davison proposes the co-ordination of the requirements of Europe, the organization of a committee to pass upon the demands of all the countries and the arrangement of adequate credits. Incidentally he reminded his audiencee that he was speaking in no philanthropic vein. If the great industries of the United States were to remain prosperous, he said, Europe, the best customer of the republic, must be put upon its feet. The United States simply had to devote all its energies and resources to this task in its own economic interest if for no other reason.

Mr. Davison's remarks emphasize the fact that however possible it may be for a great power to remain in political isolation from the remainder of the world, commercial isolation is impossible except for a very short time. The world has become so small and its economic interests so closely interlocked that the economic stress of any considerable part of it necessarily must be a problem for the whole of it.

THE G. W. V. A. CONVENTION.

On more than one occasion when delegations of returned soldiers have waited upon the Provincial Government, Premier Oliver has been unable to undertake the full programme submitted to him. The demands made upon the Cabinet in some cases have been not a little out of the ordinary and on one occasion, we recall, encroached on constitutional limitations. But the times through which we are passing have no precedent in history, and if the zealous presentation of requests has sometimes led to delicate situations, a little plain talk and interchange of ideas in the executive chamber usually have removed any impression of indifference on the part of the Government and have helped the returned man to realize that British Columbia, with her own peculiar problems to solve, is doing her full share in the work of repatriation.

It is, therefore, fortunate that Mr. Oliver was able to meet the delegates to the annual convention of the Great War Veterans' Association in Vancouver. Although the purely provincial phase of the organization's activities is relatively small when compared with the larger national issues with which the convention has set itself to deal, Premier Oliver's address will have helped the delegates from other Provinces to put British Columbia's conditions in proper perspective. It may be that certain innovations in land settlement and the fostering of industrial enterprises in this Province will be of use as models to be recommended by the visiting members of the Association when they return and meet the respective Governments of the various Provinces. At any rate, the meeting of the east and the west cannot fail to do good, while this convention may be easily the most important one the veterans will have held since their organization came into being.

MUST GUARD AGAINST SPECULATORS.

The Land Settlement Board should be constantly on its guard against the activities of speculators in the purchase of land from private parties for settlement purposes. It should deal directly with the owners or their authorized representatives in all these transactions, thereby saving the Province fat speculators' profits, besides protecting the vendors. It has been reported that in one instance the intervention of an enterprising third party resulted in the payment of a substantially enhanced figure for a piece of land acquired by the Board five or six months ago. This report is being investigated by the Government. The policy of the Government is to eliminate such speculation and the Board realizes that it should take every precaution in conformity with that policy in all its transactions. Eternal vigilance in such matters is the best economy. It will avoid considerable loss.

EIGHT-HOUR DAY FOR NURSES.

In her address before a nursing convention in Vancouver on Monday Miss Elizabeth Flaws, President of the Canadian Association of Nursing Education, declared that the outstanding item in the agenda was the eight-hour day for nurses. She very naturally compared the elastic working day of the nurse with the fairly universal eight-hour working period of the industrial worker.

The life of a trained nurse is at no time a sinecure. Leaving out of the question the term of drudgery through which she is required to pass before she can hope to assume the dignity of her profession, her day of duty is not often less than eleven or twelve hours. And unlike many industrial callings the nursing profession imposes an exacting strain upon the nervous system. If a piece of material mechanism becomes obstinate there is usually an easily defined cause that is immediately responsive to mechanical adjustment. With a patient, however, it is quite a different matter. For this and other reasons nurses think the establishment of a recognized shorter day for their profession is due.

At the same time the nurses themselves are not unanimous on the subject judging by representations that have been made to the Minister of Labor for this Province. Mr. Farris was requested on behalf of a large section of the nursing profession during the 1918 session of the Legislature, to refrain from recommending an eight-hour day for nurses at that time. Whether this was merely for a postponement until concerted action could be taken throughout Canada was not made clear on that occasion. It is a matter, of course, that would seem to require very much of a unanimous opinion because of the various branches of the profession involved.

According to a dispatch from Brussels the former Crown Prince of Germany has "escaped again." It is reported that German counter-revolutionaries have a motor launch in readiness to spirit Frederick William back to the Fatherland. We doubt, however, if the island of Weiringen has been able to get rid of its unwelcome visitor so soon. In the meantime Queen Wilhelmina of Holland is supposed to have sent her consort, Prince Henry, a Prussian of the deepest hue, to advise the hot-head ex-next-in-line to think twice before placing Holland in the unenviable position of harboring the titular head of a counter-revolution in the Fatherland. Little Willie had better attend to his fishing for the present and remain in Holland, while his ex-Royal papa saws wood in the same haven of refuge.

Hon. F. B. Carvell, Dominion Minister of Public Works, wired to the Mayor of Vancouver on Saturday night informing him that the Government had definitely decided upon Esquimalt as the location for the dry-dock. This is apparently the last word on the subject and should be sufficient to quell the howl of protest as far as the Mainland city is concerned. It is now to be hoped that the several industries "vitally interested in the establishment of a dry-dock at Vancouver" will combine with the public and semi-public organizations of that city in stimulating private enterprise to take advantage of the Dry-dock Subsidies Act as a substitute for a direct campaign of discrimination against Victoria.

JOIN PROTEST TO OTTAWA ON ACTION

Local Prohibitionists Object to Recent Vote of Senate

Following the numerous telegrams to Ottawa in protest against the action of the Senate in the prohibition measure, officers of the Victoria branch of the prohibition sent the accompanying wire to-day to Senator Barnard.

July 2, 1919

"Prohibition association, and thousands of supporters in Victoria and Vancouver Island are highly indignant at the action of the Senate in obstructing the expressed will of the people in regard to Bill continuing the operation of prohibition for one year after the war, and earnestly stand behind you in supporting the Bill in the interest of national economy and peaceful reconstructive efforts. Continued opposition of the Senate is creating agitation for abolition of that institution.

G. H. ROBERTSON,
President.
WILLIAM STEVENSON,
Secretary.

RECORD TRAFFIC ON ELECTRIC ROAD

Picnickers Desert City For Woods and Seashore; Copas & Young Outing

Numerous picnics of various organizations were held yesterday, and needless to say the sunny summer day offered all the opportunity which could be desired to attain a full measure of enjoyment from the outings.

Traffic on the interurban railway to Deep Bay was one of the heaviest recorded since the line was opened. The favorite halts were at Brentwood, Saanich, and Deep Bay.

Sunday School Outings.

In the city lines, special cars were put on to convey passengers to the principal beaches reached by car. The largest parties went to Uplands and the Willows Beach, the whole stretch of the bay right round to Cadboro Bay being black with people all day. There was a large travel also to the Gorge. The picnic parties carried on the city lines were exclusively for Sunday school outings. The report on the day's travel shows that the Dominion Day business was the largest handled for a long period by the B. C. Electric Railway.

Farther afield the Cordova Bay beach was well patronized, as is usually the case on holidays. In addition to the customary patronage, there were two picnic parties there.

The Salvation Army picnic was held at Mount Douglas Beach, tallyroes and touring cars conveying the children, who had a full day of pleasure.

The employees of the Cameron Lumber Company spent a very enjoyable outing yesterday at Goldstream. The party left the city in motor cars early in the morning and spent the whole day picnicking. M. B. Jackson, M.P.P., was a visitor at the picnic ground, and gave a brief address.

Copas and Young's Outing.

Copas and Young supplied the transportation for their employees who spent the day picnicking at Goldstream. Leaving the stores in the morning the staff reached their destination in plenty of time to enjoy roaming through the beautiful wooded valley before partaking of the very enjoyable luncheon that was served.

Sports were indulged in during the afternoon and as the result of a drawing arranged by Raoul Robillard for a flight in the the Pathfinder, Mrs. Donaldson will have the opportunity to soar above the city at the first suitable opportunity.

The tug-of-war was a very close event, but McLachlan's team finally defeated Donaldson's. Messrs. Hay and McConnell were first and second respectively in the men's 100-yard handicap. In the ladies' 100-yard handicap the winners were Miss Richards, Miss Stevenson and Mrs. Cull. There were numerous other interesting events to suit adults and children. The prizes for the sports were offered by the local wholesale houses.

A committee of three were in charge of the affair: Mr. Ferrill, supervising the sports; W. J. Cull, the refreshment arrangements, and W. Tickle, the transportation.

Your Heart's Desire

in music is in our store. All the melody, all the harmony, all the great operas, every simple little ballad, the latest dance that has caught Broadway, the most recent popular hit — here you will find them all.

Columbia

Grafonolas and Records

Columbia Grafonolas from $30 to $250.
Easy Terms Arranged.

WEILER BROS., LTD.,
Government Street, Opposite Post Office.

Think It Through

The matter of $50 more or less in the price of a Phonograph should not influence you. As a rule you only purchase one Phonograph in a lifetime—then you should consider the reputation of the Phonograph—whether it will be as good in ten—twenty years as now.

If you do not know phonographs you should look to the local reputation of the dealer. Put your faith in the firm whose dealings for past years have been square with others—then rely on their judgment. It's their business to know phonographs.

Our fifty-six years selling to the British Columbia public will stand investigation. Ask your friends.

CONSIDER PROPOSED TECHNICAL SCHOOL

Open Meeting To-night to Discuss Establishment of Institution Here

The proposed establishment of a technical school in the city to take care of the needs of Victoria and the surrounding municipalities will be discussed by representatives of the School Boards of the City, Oak Bay, Esquimalt and Saanich, at a meeting at eight o'clock to-night.

The conference will be the result of a motion introduced into the School Board some time ago by Trustee Mrs. Spofford. All persons interested in the question of technical education are invited to be present, and to join in the discussion.

The movement toward the establishment of a technical school here will probably be given impetus by the recent announcement of the Dominion Government that it will give grants toward technical education if the Provincial Governments and the Municipalities raise dollar for dollar equally towards cost of construction.

EMPLOYEES HAVE OUTING

Cameron Lumber Company Gave Picnic to Their Hands Yesterday

Dominion Day was celebrated by the employees of the Cameron Lumber Company by a picnic at Goldstream given to them by the management of the company. More than 200 employees and their families left the city for the picnic grounds in motor cars at 10 o'clock in the morning and a thoroughly enjoyable day was spent. The management had provided an exceptionally full programme of entertainment including games, races for prizes in which the children participated, and other attractions, winding up with a dance in the dancing pavilion to music furnished by Heater's orchestra. During lunch time an instructive address on the relations between capital and labor and the necessity of co-operation and harmony between them was delivered by M. B. Jackson, M. P. P. for the Islands District, and was listened to with the closest attention.

Sooke Timber.—An application to purchase some of the city's timber lying about the shore of Sooke Lake was received from James Drummond by the City Council on Monday night. The matter was referred to the Finance Committee.

Teachers of the Teen Age Girls kindly remember the meeting to be held in St. Andrew's Schoolroom on Thursday at 8 p.m.

VANCOUVER VICTORS.

Vancouver, July 2.—New Westminster pro stickhandlers demonstrated that their victory over the Terminal twelve a week ago Saturday at Queen's Park was no fluke by their exhibition yesterday at Athletic Park, when they downed the local athletes by the close score of four goals to three.

HEDLEY DIVIDEND.

The Hedley Gold Mining Company at Hedley, B. C., and at Silver City, N. M., has declared a quarterly dividend of $24,000, according to a New York report. This is at the rate of 10 cents a share on an issue of 240,000 shares. Payment will be made on June 30 to stockholders of record on June 25. The forthcoming disbursement will increase the grand total to $2,478,000.

BLOODHOUNDS FIND CHILD IN WOODS

Little Girl Lost Where Panther's Family Had Prowled

Bloodhounds have found Thelma Lang, the three-year-old daughter of Nels Lang, of Vancouver, who was lost in the Sooke woods for nearly eighteen hours.

The child had wandered away from a house in Sooke at noon on Sunday and disappeared into the woods. Searchers to the number of fifty, headed by the Provincial Police, beat about the woods, but no trace was found of the missing child until Monday afternoon when Charles Clayton, uncle of the lost child, arrived from New Westminster with H. F. Norman, of the Provincial jail. Mr. Norman brought with him his two bloodhounds.

The dogs were allowed to sniff one of the little girl's socks, so that they might get the scent, and they immediately started into the thick underbrush. Forty minutes after starting they came upon the little girl in a depression about a quarter of a mile from the house.

While searching, the various parties kept rustling the bushes in case wild animals should be near. Two hours before the child was found the dogs frightened two young panthers and later the mother animal was seen about a hundred yards from the place where the girl was finally discovered.

Major-General and Mrs. Blaiklock taken the Provost residence on the Cowichan River, near Duncan, and will occupy it for the summer. It is expected they will settle in the district.

☆ ☆ ☆

Mrs. G. A. Wright, wife of a prominent physician of Saskatoon, Sask., accompanied by her daughter, Marion, is registered at the Empress Hotel. Mrs. Wright and daughter intend to spend some weeks visiting this city.

☆ ☆ ☆

As guests of Mrs. James D. Hoge, Mrs. Harry Bolcom, Mrs. A. W. Cushman, Mrs. Harry Whitney Treat and Miss Lilly Carstens, all of Seattle, formed a party which has recently returned from a motor trip to Vancouver Island points.

☆ ☆ ☆

There will be no further meetings of the Victorian Order of Nurses until September. Miss McNair, one of the members, has been delegated to represent the order at the National Convention of Graduate Nurses, which is now meeting in Vancouver.

☆ ☆ ☆

On Sunday, at Breadalbane, the Rev. Dr. Campbell celebrated the marriage of Edward Leslie Peterson, of Spokane, and Miss Adella Johnson, of Seattle. Mr. Frank Clough, the bride's brother, was groomsman, and Mrs. Clough was bridesmaid. Mr. and Mrs. Peterson will make their home in Seattle.

☆ ☆ ☆

After several years' service in France with the 72nd Battalion, and later the 4th Machine Gun Battalion, Major L. F. Pearce, D.S.O., M.C., has returned to this city, and is staying at the Empress Hotel. Before going overseas Major Pearce was in command of the machine gun school here.

☆ ☆ ☆

On Wednesday, July 9, by kindness and special invitation of Mrs. Butchart, the Club will visit her beautiful gardens at Tod Inlet. Tea will be served in the pavilion during the afternoon. Tally-hos and autos will leave the Oddfellows' Hall for the gardens at 2.15, returning in the evening.

☆ ☆ ☆

Mrs. Andrew Stewart, 87 South Turner Street, announces the engagement of her youngest daughter, Doris Marguerite Croft, to James McAuslin Forsyth, son of Mrs. M. M. Forsyth, Shawlands, Glasgow, Scotland. The marriage will take place shortly.

☆ ☆ ☆

Among the visitors to Victoria during the past few days is Professor E. Mackay, of Dalhousie University, Halifax, N.S., who crossed the continent from Halifax as Y.M.C.A. troop-train secretary with the 72nd Battalion. Professor Mackey has been spending a few days in the city visiting friends before returning.

☆ ☆ ☆

Fielding J. Stilson, writer and traveler, arrived on the Empress of Asia and is a guest at the Empress Hotel. For the past year and a half, Mr. Stilson has been in the Far East, most of the time being spent in the Philippine Islands, making a study of conditions there. While in Manila, he was the special representative of the Manila Daily Bulletin. Upon the return trip, Mr. Stilson traveled through China, Korea and Japan, gathering much information regarding those countries.

Arrangements are being completed for a garden party to be held under the auspices of Navy League Chapter I.O.D.E. at the residence of the Regent, Mrs. D. Doig, at the corner of Fairfield Road and Cook Street, on Wednesday, July 9, from 3 p. m. to 6 p. m. There will be a good musical programme. The Foundation Band will play throughout the afternoon, and there will be some excellent numbers by well-known local artistes, including a series of classical dances to be given on the lawn. A number of booths will be prepared and ice cream, home-cooking, and other wares will be offered. Amusements provided in addition to the good programme being prepared, including tennis and dancing. Special committees are now at work completing the plans, and it is anticipated that this will be one of the best garden parties held by the Chapter.

☆ ☆ ☆

A very pretty wedding took place on Monday at Saint Cecilia Chapel, Saint Barnibus Church, the Rev. E. G. Miller officiating, when Cecilia Collins, eldest daughter of Mr. and Mrs. John Robertson, of 735 Owens Avenue, was united in marriage to Ebenezer Bouman, of Victoria, who has recently returned from overseas, where he served with the New Zealand forces. The bride who was given away by her father looked handsome in a georgette crepe dress with conventional veil and carried a lovely bouquet of bridal roses. The bride was attended by Miss Margaret Nesbit who looked charming in an Alice blue crepe de chine dress, shell pink georgette hat, and carried a bouquet of pink carnations and sweet peas. The bridegroom was supported by James Allan. Amidst the strains of Mendelssohn's wedding march, played by Mr. Longfield, the party left for the home of the brides parents which was tastefully decorated and sat down to a delicious supper. The gift from the groom to the bride was a handsome set of wolf furs, to the bridesmaid a cameo pendant, and to the best man a pearl scarf pin. The happy couple left Tuesday to spend their honeymoon in the Sound cities.

☆ ☆ ☆

Miss Elizabeth Deither, of Melville Street, Vancouver, was married to Kenneth McCarter, of Victoria, in the Central Baptist Church, Fairview, Vancouver, on Monday.

PARKSVILLE FLOWER SHOW WAS SUCCESS

List of Awards at Exhibition; Some Fine Specimens Shown

The Parksville Women's Institute Flower Show was a great success. There were several entries in each class, and the flowers were very beautiful, the roses which were shown by Mrs. Brice and Miss Marjorie Mawhinny being especially lovely. The room was very prettily decorated and arranged by the president, Mrs. (Dr.) Davis, and Mrs. Greig, and maple leaves were hung round by Miss Christine Custance. Mention must be made of the splendid display of seaweed by Ruth Tyon and Mary Winter; seaweed of all colors and shapes, which won first prize.

The following is the list of prize winners:

Division I.

1. Roses—4 best named specimens: 1, Mrs. Brice; 2, Miss Marjorie Mawhinny.
2. Sweet Peas—4 colors, 4 of each: 1, Mrs. Hickey; 2, Mrs. L. T. Davis.
3. Pansies—4 specimens: 1, Mrs. Nicklin; 2, Mrs. Nicklin.
4. Perennials—Best collection and greatest variety; arrangement to count: 1, Mrs. Hickey; 2, Mrs. Hitchcox.
5. Annuals—Best collection: 1, Miss Hatch; 2, Miss Hatch.
6. Ladies' Spray—1, Mrs. Hickey; 2, Mrs. Hitchcox.
7. Gents' Buttonhole—1, Miss Marjorie Mawhinny; 2, Mrs. Cooper.
8. Bowl or Basket of Roses—Any variety, names not necessary: 1, Mr. Cotton; 2, Mrs. Brice.
9. Arranged Bowl or Basket of Flowers—1, Mrs. Hitchcox; 2, Mr. Cotton.
10. House Plants, best—1, Mrs. Durant; 2, Jessie Bruce.

Division II.

1. Collection Garden Flowers—6 to 10 years, 2 specimens of each, number of specimens; arrangement counts; 1, Jimmie Calgouw; 2, Kathleen Hickey.
2. Collection Garden Flowers—11 to 16 years: 1, Christine Custance; 2, Willie Calgouw.
3. Collection Wild Flowers—6 to 10 years: 1, Dorothy Barfoot; 2, Eric Harrison. Special prize for a wee girl of 5, Rosalie Bernard.
4. Collection Wild Flowers—11 to 16 years: 1, Eric Bernard; 2, Cyril Bernard.
6. Collection of Seaweed—1, Ruth Tryon and Mary Winter; 2, Willie Harrison. Special prize, Eric Harrison.
7. Neatest Garden at School—Seniors: 1, Harry James; 2, Willie Hickey; recommended, Willie Harrison and Doris Milligan.

Juniors—1, Christine Custance; 2, Jack Harrison; recommended, Cyril Bernard, John Hickey, and Dorothy Custance.

Division III.

1. Iced Cake—2 layers: 1, Mary Custance; 2, Mrs. L. T. Davis.
3. Loaf of Bread—White: 1, Mrs. H. K. Harrison; 2, Mrs. Cruse.
5. Salad—Mixed: 1, Mrs. L. T. Davis; 2, Miss E. Park.

Trench Mortar for City.—Victoria is to be given a heavy trench mortar used by the 47th Canadian Infantry, according to a letter received by the City Council on Monday night from Capt. W. H. Lettice. The mortar, Capt. Lettice said in his letter, was now on its way to the city.

OLD ENGLISH SCENE AT GARDEN FESTIVAL

Tillicum Women's Institute to Raise Funds For Soldiers' Scholarship

A lot of hard work is being done by the members of Tillicum Women's Institute to make a success of the garden party which will be held in the grounds of Mrs. J. C. Newbury's residence on the Gorge Road on Saturday. Realizing that although the war is over there is still a lot of necessary work to be done for the men who took part in the great conflict, the members are taking a keen interest in many after the war problems, and the garden party is to raise funds for one of these objects. The proceeds will be devoted towards a scholarship for a veteran who is taking an agricultural course, and will help augment the government allowance to students taking the farming course and also aid in the purchase of technical books that he may need in his study.

Mrs. Newbury in addition to offering her grounds for the occasion is working hard with the members in arranging the programme, and the gardens will be made to represent an old English scene. Stall holders will be dressed in old English costumes, and a number of interesting items appropriate to the general idea will be included in the attractive features arranged for the day. Tea will be served in the grounds, and there will be refreshment stalls, ice cream and home cooking stalls.

Arrangements have been made for the Gorge bus to stop just outside the grounds to accommodate visitors from the city.

Social and Dance.—The Gaelic Society gave an enjoyable social and dance at the A. O. F. Hall Monday night, the committee in charge of the affair being Mrs. Blackwood, Miss Roberts, Pipe-Major Cameron, and Messrs. Malcolm McDonald, James McDermott and W. McGillivray. Mrs. Baker and Miss Miller entertained with solos. The society is planning to hold a picnic

Presents Union Jack.—In the Connaught Seamen's Institute on Monday Mrs. A. Thomson, hon, regent of the Commodore Broughton Chapter of the I. O. D. E., presented the chapter with a Union Jack. Seymour Greene, secretary of the Victoria Branch of the Navy League, addressed the chapter.

JUBILEE HOSPITAL ANNUAL MEETING

Needs of Institution Are Brought Before Public; Increasing Cost

Increasing cost per capita to nurse patients in the Royal Provincial Jubilee Hospital, the lack of accommodation, and in spite of handicaps the introduction of several valuable improvements formed the salient points of the reports presented at the annual subscribers' meeting on Monday afternoon.

They disclosed a condition which demands remedying, and emphasizes the need for the proposed new hospital buildings to which the directors have given considerable attention in the past few months.

Hospital Statistics.

The directors' report in part read as follows:

"The number of in-patients treated was 2,112, an increase of 225. The daily average number of patients was 119, an increase of five per day, and the total number of days' stay was 43,438, an increase of 1,887 days over last year.

"There were 632 out-patients, and 509 came for X-ray examinations and treatment.

"The average cost per day was $2.83, against $2.17 last year. We closed our account at the end of our fiscal year with an adverse balance of $25,849.91. The Government since that time (May 31) has paid about $2,000, thus reducing the foregoing amount by this sum."

The directors reviewed the steady increase in operating costs, and proceeded to observe:

"The hospital is admittedly a public utility, absolutely necessary to the city, and we submit with due respect that it is incumbent on the city to devise some means of raising an adequate amount for the full support of this public institution. At present we are trading on the generosity of the storekeepers and wholesalers, whose accounts are overdue from three to four months. This is naturally leading to increased cost, and as the deficit will ultimately have to be paid, the sooner it is faced and an adequate provision for support made, the better it will be for the taxpayers of our community.

"Our efforts, as well as those of the staff, have been continuously directed towards increasing the efficiency of the hospital, to keep abreast of modern developments, and to provide all that science can give towards diagnosis of disease and the subsequent care and treatment of the sick. This cannot be done without increased cost. To-day we are well equipped for our work, due to the strides made in the past two years, and having provided the best, we now ask the public to pay the cost, for the work was done for them and to them inures the benefit.

Increase in Charges.

"We have again increased the charge for private rooms, $2.50 per week. Owing to the continual increase in the number of free patients several of these rooms are used for public ward patients and the income formerly derived from them has been lost.

"Once more we are constrained to point out the need that exists for more accommodation. Our wards are overcrowded, we have no reserve space, the tax on the service departments, designed for the convenience of half our present number of patients, is severe, and conditions are far from ideal. The necessity of proceeding with the erection of the new hospital at the earliest possible moment must be kept in mind, and be faced by every resident in the city. The medical profession realize this so thoroughly that they asked us to meet them, which we gladly did, and they certainly spoke with no uncertain sound upon present overcrowding and the need for more room and a better building."

Infirmary Wanted.

Allusion was next made in the report to the installation of modern X ray equipment, and the development of pathological and bacteriological work under Dr. Walker.

The report continued:

Infirmary.

"We have again urged upon the city the desirability of providing an infirmary. The need is greater than ever, and infirm men, who could be well looked after by a male nurse in a home, are still filling beds in our wards, and in increasing numbers are adding to our difficulties and crowding up the curable cases, and are certainly not tending to hasten their cure.

Consulting Staff.

"We have taken steps towards the formation of a medical and surgical consulting staff, and desire to thank the doctors for their ready co-operation in this important matter.

Laundry.

"In view of the growing cost of laundry work, we have deemed it advisable not to wait any longer for the power plant designed for the new building, and are installing machines in the new laundry building, with which we expect to effect a considerable saving in the cost of the work."

The report dealt seriatim with the bequests of the year, and made suitable acknowledgments.

Treasurer's Report.

James Forman, treasurer, gave his financial statement of the hospital for the year ending May 31, 1919.

"The total revenue from all sources was $100,527.74, of which $55,893.62 was received from pay patients; $23,404.81 from the Provincial Government and $13,000.00 from the Corporation of the City of Victoria he showed. The hospital received from bequests the sum of $24,924.88, which latter amount was placed in a special account to be used entirely in the purchase of new equipment and extension work. The cost per diem for maintenance and operating expenses and administration was $2.83, being 66 cents over last year. Payments as shown in the annexed schedule amount to $122,929.96.

"During the past three years the cost of operation has shown a steady increase, and unfortunately we are unable to increase our controllable income sufficiently to make up the difference, the result is a considerable deficit which must in some way be provided for.

"It is quite certain that the time has arrived when adequate financial provision must be made for the hospitals in the Province, especially in view of the fact that from time to time the Legislature lays additional responsibilities on them without providing the necessary funds with which to carry on the work. At the present time the larger hospitals are seriously handicapped for lack of the necessary funds with which to carry on their work, and the directors have to appeal to the City Councils and to the Provincial Government for help, and not always with success. It is therefore necessary that some method be devised whereby the whole community shall contribute equitably in order that we may adequately cope with the ever-increasing task of caring for suffering humanity. No other form of relief work gives such splendid results and the community owes it to the self-sacrificing labors of the men and women who man our institutions, to support them generously."

Extra Word Space.

"The most crying need of the hospital is still increased ward space," said the medical superintendent in his report. "The community being served has grown far away from the capacity of the hospital to take care of its sick, and this insufficiency of ward space is made still more prominent by the great number of casualties from the large industrial plants recently established in our neighborhood.

"Throughout the year all parts of the institution, but especially the men's wards, have been overcrowded. Very frequently it has been found necessary to huddle as many as 20 patients into a ward designed to accommodate not more than 12, and on many occasions bed space had to be sought in the corridors.

"This overcrowding, besides being distinctly unhygienic and retarding to the patient's recovery, adds greatly to the labor of the nursing staff.

"Our stress would also be greatly alleviated if a convalescent home was opened somewhere in our nighborhood, for the lack of such an institution necessitates many patients who have not suitable homes to convalesce in remaining with us weeks longer than would otherwise be necessary.

"It is to be devoutly hoped that the interest awakening in the minds of our statesmen and citizens regarding the prevention and cure of venereal diseases will rapidly bring forth a solution of this most serious problem."

Nurses Training School.

Reporting on the training-school for nurses, Miss MacKenzie, lady superintendent, stated that the staff consisted of 11, with 48 pupils. The number of nurses who had received their training up to the present time numbered 189, 13 of whom had received their diploma and badge granted by the training-school in 1918. Miss Minnie Moody had received the bursary awarded by the Victoria Graduate Nurses' Association.

COUNCIL AUTHORIZES PLAYGROUND GRANT

Withdraws From Former Stand and Votes $1,000 For Game Supervision

Retiring from the position which it has held under strong cross-fires of criticism for some weeks past, the City Council on Monday night authorized a grant of $1,000 to the Victoria and District Recreation Commission. The grant will be made on a dollar-for-dollar basis. That is, the Council will contribute toward playground supervision up to $1,000, one dollar for every dollar raised by the Commission.

At the Council meeting the subject of recreation was introduced on a motion by Mayor Porter, who was vigorously opposed by Alderman Sangster. His Worship, however, explained that the Commission had reduced its original grant from $1,550, and on that condition he had agreed to reintroduce the matter.

Alderman Sangster doubted the legality of contributing without playground supervision, but Alderman Johns declared that that was only "stalling."

SOOKE HARBOR SCHOOL PICNIC AND SPORTS

The annual school picnic in connection with the Sooke Harbor School at North Sooke was held in a field lent by Mrs. J. J. Jackson. She had arranged a table down by the creek under the shade of the trees, where the young people had a splendid lunch and tea provided by the parents and friends in the district. During the afternoon sports were held, the following events taking place:

Primers' race—1, Wilfrid MacKenzie; 2, Norman MacKenzie.

Second Readers' race—1, Anna MacKenzie; 2, Levina Neil.

Third and Fourth Readers' race—1, Donald MacKenzie; 2, Jessie MacKenzie.

Sack race—1, Anna MacKenzie; 2, Dorothy Geake.

Egg and spoon race—1, Dorothy Geake; 2, Jessie MacKenzie.

All classes race—1, Dorothy Doran; 2, Peggy Seward.

Three-legged race—1, Nora and Vera Shawyer; 2, Jessie MacKenzie and Dorothy Geake.

Nail hammering competition—1, Tom Seward; 2, Dorothy Doran.

Grown-up race—1, Fred Gent.

After the sports prizes were presented, several gifts of needlework, rabbits and eggs were raffled for the Red Cross, the sum of $17.20 being realized. The trustees were greatly indebted to Miss McLeod, the school teacher, the ladies of the district and to E. J. Allis, for his untiring help in the arrangements for the refreshments and sports, and with the beautiful weather which prevailed all present had a most enjoyable day.

Pale-Cheeked Girls Tired-Out Women Quickly Built Up

WONDERFUL RECORD MADE BY NEW BLOOD-FOOD REMEDY.

Certain Results Guaranteed.

Pale people have pale blood.

In other words, the blood is watery and lacks red corpuscles.

The stomach is wrong.

Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power.

Don't slip from vigor into weakness.

Don't allow the appetite to fail, but instead use Ferrozone.

You're bound to feel rejuvenated and strengthened at once.

Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin, weak system needs.

Vital, life-giving blood that makes rosy cheeks and dancing eyes—that's the kind that Ferrozone makes.

The strength and buoyancy that defies depression and tiredness, that's the sort you get with Ferrozone.

Every pale woman can transform her bleached-out appearance with Ferrozone.

Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferrozone establishes a soundness of health that's surprising.

For women and girls who want to feel well, to look well, to be well, and stay well, nothing known in the annals of medicine is so certain as Ferrozone.

Won't you try Ferrozone?

Concentrated cure in tablet form, that's Ferrozone. 50c. per box or six for $2.50, at all dealers, or direct by mail from The Catarrhozone Co., Kingston, Ont.

THE HOUSE OF QUALITY

A "Never-to-be Forgotten" Gift

The distinction of the Fine Diamond Jewelry to be seen at the Whitney Store will make its ownership a matter of pride for a lifetime—and the same qualities make the giving of such a gift the finest and fullest expression of your sentiment.

Irrespective of the price you wish to pay you will find here examples of the Gold and Platinum Smith's Art which will fulfill your ideal to the utmost.

Beautiful Stones set in the newest styles are shown in such profusion as to make choice both easy and pleasant.

And if your fancy should turn to Silver or Richly Cut Glass you will be equally happy in making a choice at Whitney's.

Make a tour of the store this week. You are cordially invited.

The J. M. Whitney Company

Diamond Merchants, Jewelers and Silversmiths.

BULLER'S CIRCUS PLEASED CROWDS

Dogs and Ponies Under Big Tent Were Successful Holiday Attraction

Buller's Dog and Pony Show, a tented community established on Monday across Douglas Street from the rear of the Empress Hotel, proved a popular holiday attraction yesterday afternoon and last evening. The tiers of wooden seats, in the amphitheatre form familiar to all who have experienced the thrills of the circus type of summer entertainment, were crowded at the two holiday performances and great quantities of peanuts and many toy balloons, as inevitable accompaniments of a circus as is the big tent itself, found their way into the hands of the throngs from the busy white-coated vendors. Grown-ups and youngsters alike applauded the efforts of the numerous ponies and dogs and laughed at the numerous pranks which interspersed the animals' performance.

A pretentious grouping of some twenty-five or thirty ponies on a large pedestal opens the show. The animals mount the platform and arrange themselves about their trainer in circles to represent some of the Allied nations of the great war. Though handling such a large number of ponies in one group must be a difficult piece of work, the turn is so well carried out that it earns enthusiastic applause.

Besides this trick, the ponies have a variety, separately and in groups, to offer the spectators. There is a military drill by two platoons, the little animals performing with precision and dispatch the several commands called by Miss Truth Buller, their captain and daughter of the proprietor of the show. "Spot," evidently a trick specialist, if the ponies admit such caste distinctions, leaps over the back of another pony. If he could smile undoubtedly he would do so, as he flies over the back of the first one and another who has joined him, as his ability extends much further than that and he knows he is not to be led off until he has jumped over the backs of no fewer than six of his fellows ranged side by side. This and other tricks performed by the little horses indicate how well trained they have been by Captain Merritt Belew, head trainer of the show.

The dogs are no less varied in size and color than the ponies and they have as great a choice of stunts. Some roll barrels, others push baby buggies, others walk like a man, one walks a tight wire with all the sang froid of those daring individuals who balanced their way across the Niagara gorge on such footing in days gone by, and still another, a tiny fellow, mounts a high ladder and does a dive into a net. One, a low comedian, gets a laugh from his audience by persistently tipping over, while his master's back is turned, barrels placed in position by the master.

As no circus has ever been complete without trapeze work, this feature is to be found in Buller's Show. Some breath-catching feats are done by a man in tights, and then there is an equilibrist who starts balancing on a chair and is not content until he is balancing on a pile of chairs which puts his head up near the canvas roof. Slack-wire balancing is offered by a young man, who juggles while on his swinging support, the wire being made fast at one end but held in the teeth of the young woman partner of the performer at the other end.

Near the end of the show "Chester" comes on. This animal is no pony, being a full grown horse who owns up to the age of nine. His forte is answering questions. He picks up numbered cards when the numbers are called and tops off the whole by doing a bit of addition.

Buller's Show made it possible yesterday for the many here who like the circus with its sawdust ring, jingling harness and other accompaniments, to indulge their fancy, and its success yesterday would indicate equally great success this evening and tomorrow afternoon and evening, after which the show is to cross the border to entertain audiences on the big American holiday, July 4.

A NATURAL ERROR.

Cora had just seen her first green worm, the kind commonly known as a "slug." Rushing into the house she cried:

"Oh, mamma, mamma, come see the dill pickle that is walking around out in the yard!"

The Theatres

AMUSEMENTS TO-DAY

The Stage.
Pantages—Vaudeville.
The Screen.
Royal Victoria—Clara Kimball Young in "Cheating Cheaters."
Variety—Priscilla Dean in "The Silk-Lined Burglar."
Dominion—William S. Hart in "The Poppy Girl's Husband."
Columbia — Grace Cunard in "After the War."
Romano—Frank Keenan in "The Midnight Stage."

ROYAL VICTORIA

"Cheating Cheaters," a screen adaptation of the famous Broadway success of the same name, will be presented at the Royal Victoria Theatre again to-night by Clara Kimball Young and her own company. Miss Young is seen in her forthcoming Select Picture as Nan Carey, a member of a famous band of crooks who are posing under the family name of Brockton. They establish a home in a fashionable section of New York and become acquainted with the wealthy Palmers.

Finally a time comes when Ruth Brockton, alias Nan Carey, is invited to spend the night with the Palmers, but instead of making a haul of the famous Palmer jewels she discovers that they are paste and that the Palmers also are crooks. At last the situation is straightened out and the leaders of the two gangs prepare to form a syndicate. They hold a meeting for the purpose of arranging plans when the police make a raid and arrest all the members.

During the thread of the story there is evidence of much fear from the operations of a renowned detective who is known in crook circles as Ferris. It develops later, however, that Nan herself is the famous Ferris, but through a romance that had its start when Nan first became acquainted with the "Palmers," she manages to obtain a pardon for both bands of crooks and sets about to establish the reformation of Tom, the leader of the rival gang.

DOMINION

W. S. Hart has another thriller in his new picture "The Poppy Girl's Husband," now playing at Dominion Theatre. The production demonstrates that Hart can do execution with a burglar's kit as effectively as with his six-shooter, which is to say that the western role is not the only one he can fill. "The Poppy Girl's Husband" provides this strenuous star with an entirely new role, a type of character that is entirely different from anything he has hitherto appeared in. In this role, Hart is very convincing and highly successful and it will rank as one of his best characterizations. As a story "The Poppy Girl's Husband" was widely read in the Red Book Magazine. It contains enough thrilling incident and dramatic intensity to make it an ideal Bill Hart Picture. Another of the popular Chester Outing Pictures and a capital comedy are also shown.

ROMANO

In "The Midnight Stage" there are some of the most beautiful and impressive locations in the West, and the spectator, following the thread of the story, feels the charm of poetry of the great outdoors. Added to this fine natural setting, is the sure art of America's greatest character actor who achieves here one of the triumphs of his entire career in portraying the dual character role, sharply and deftly contrasted, and yet so alike—the good man and the bad, whom the Creator had cast in the same image.

The story is an adaption, by Jack Cunningham, of Henry Irving's historic stage success "The Lyons Mail." It was directed by Ernest C. Warde, who has been identified with Mr. Keenan's previous screen successes. It is an unusual picture in many ways and will be shown at the Romano today together with Pearl White's serial, "The Lightning Raider."

Try to Raise Bread Without Yeast: You Can't Do It!

And you can't build and maintain a strong body unless you put *all* the required material into it.

You must have something besides mere flesh-forming food.

That's why

Grape-Nuts

is an ideal food, for besides ordinary nourishment, it contains the mineral elements of the grains—material absolutely required for building and maintaining the right kind of nerves and bone and blood and brain and brawn.

Some foods lack these elements. Grape-Nuts provides them.

No raise in price to consumers during or since the war.

VARIETY

One of Jack Boyle's celebrated Boston Blackie stories is the basis for Priscilla Dean's latest Universal Special Attraction, "The Silk-Lined Burglar," which will be shown at the Variety to-day and for the balance of the week. Boston Blackie, safeblower, confidence man, burglar and gentleman extraordinary, is one of the unique creations of American fiction, suggesting "Get-Rich-Quick" Wallingford in his plausibility and courage. Boston Blackie has none of that gentleman's hesitation about breaking the letter of the law. But always there is a reason, a justification that sways the mind of the reader to the thought that perhaps in similar circumstances he himself would do the same.

COLUMBIA

Grace Cunard, the charming star of "After the War," the five-reel Argosy feature which comes to the Columbia Theatre to-day, has been proclaimed by motion picture patrons of Ottawa, Canada, the most popular woman in filmdom. In a contest conducted by The Evening Journal of that city, Miss Cunard was the winner by a wide margain, beating Mary Pickford by more than 1,000 votes. This contest excited greater interest than any ever held in Ottawa. During the greater part of the campaign, Mary Pickford was ahead of all contestants, but as the fight went on the admirers of Miss Cunrad rallied to her support, and she was an easy winner. Although no prizes were offered, thousands voted in the contest.

ARMY ENTERTAINERS PANTAGES FEATURE

Kelly Field Players Present Versatile Exhibition of Vaudeville

Premier place in Pantages vaudeville this week is allocated to the famous Kelly Field Players. This versatile aggregation of entertainers were assembled together to disperse the monotony of army camp life, but with the termination of the more serious business of war, Alexander Pantages, with characteristic enterprise, stepped into the breach and corraled the outfit to supply the persistent demand for "something new."

Charlie O'Connor, Bob Garrick, Dannie Felton, Harry Byers, Sid Keyes, "Baron" Beatty, Harry Mack, Howard Nelson, Alex. Hamel, Billy Copeland, "Chud" Blough and Rollie Lockhard, are picked entertainers who have been eminently successful in making merry among the "doughboys," and if the excellence of their work is any criterion the Kelly Field Players will prove a big drawing card with civilian audiences. In singing, dancing, acrobatics and impersonation these army entertainers excel. The Four Renees offer a novelty character study in song and dance. The act necessitates frequent change of costume as the quartette of dancing girls give realistic interpretations of the songs and dance of Italy, France, Holland and Egypt and conclude the performance with a patriotic ensemble typifying Canada. The girls give a clever interpretation of national dances. The act is well received. John Monroe and Tom Grant are back with a novel diversion which makes an excellent opener. These silent comedians have conceived the idea of converting what at first gives the impression of a motor truck into a bouncing net. The act put on by Monroe and Grant is a distinct novelty and keeps everybody in a good humer. Harris and Nolan, two girls, present a delightful singing and musical turn. Nolan does the accompanying on a grand piano but both possess excellent voices and make the best possible use of them. The two girls also have an amusing line of patter and make one of the best turns on the bill.

Sam and Ada Beverly present "some mirthful moments of musical comedy." It is a singing and talking act that is right up to the average.

As a blackface comedian, Joe Darcey has the knack of creating slughter. Some of the coarse stuff might be eliminated, however, without spoiling the act.

An excellent holiday bill is well rounded out by some thrilling developments in the film serial, "The Man of Might."

PANTAGES ENTERS SOUTHERN STATES

The Pantages vaudeville circuit, with headquarters in Seattle, is to be extended to the southeastern section of the United States by the erection of new theatres in Memphis, Atlanta, New Orleans, and Birmingham, Ala., Alexander Pantages announces

Mr. Pantages outlined his plans in discussing the new Pantages Memphis Theatre Company, for which articles of incorporation have been filed at Olympia, by Mr. Pantages and Mrs. Lois A. Pantages. The concern is capitalized at $200,000.

The new vaudeville theatre in Memphis already is in process of construction, and work on the other three in the South will soon be under way. All bookings will be made from Seattle, Mr. Pantages added.

Mr. Pantages already controls a vaudeville theatre in Houston, Texas, and he plans to extend the circuit throughout the Southern states.

The late Daniel Frohman used to tell this story about his early theatrical days. A small boy came to the box office of a Frohman attraction and, explaining that he had no money, offered an orange in payment for a place in the gallery. Moved by pity at the sight of such love for the drama, Mr. Frohman took the orange and allowed the lad to proceed towards heaven. After the second act the boy stormed down the stairs, rushed toward the manager and shouted: "Gimme my orange; the show ain't worth it."

WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

Alderman Buys Land.—Some thirty-five acres of land near Sidney have been purchased from George Clark by Alderman George Sangster for a price in the neighborhood of $200 an acre.

☆ ☆ ☆

Wagon Lights. — The failure of wagon owners to carry red lights was brought to the attention of the City Council on Monday night by City Solicitor Hannington who suggested an amendment to the Hired Vehicles Bylaw to cover this point. The question was referred to the Hired Vehicles Commissioners.

☆ ☆ ☆

Garden Party.—St. George's School, Rockland Avenue, July 3, under the auspices of Women's Auxiliary to Army and Navy Veterans. Admission, afternoon, 10c.; evening 25c., including concert, also dance after musical programme. •

☆ ☆ ☆

Will Ask for Powers.—The City Council will ask the Provincial Government to vest in it certain powers calculated to give it better control of sanitary conditions here. Power to enforce certain provincial regulations has never been vested in the Council of Victoria.

☆ ☆ ☆

Entertained Aged Men.—The Young People's Society of the Presbyterian Church gave an entertainment at the Aged Men's Home on Monday which was greatly appreciated by the inmates. The programme was contributed to by Miss Ormiston, Mr. Robinson, Mrs. F. Venne, Mr. Walker, Miss Mercer, Miss Gilmer, Miss Keay, Miss Branon McClintock, Miss Wormold, Miss Gilmer and Miss L. Keay.

☆ ☆ ☆

Want Spur Line.—An application for a spur line to the Canadian Puget Sound Lumber Company's yards was made to the City Council on Monday night by George H. Reynolds, secretary of the newly-organized company. The application was referred to the Streets Committee.

☆ ☆ ☆

Consumers' League. — The James Bay Branch of the Consumers' League has adjourned its weekly sessions until the end of next month, when the date of the first meeting will be announced. In the meantime, however, the committee will be actively engaged in the work of the organization, numerous matters having been referred to it for attention. When meetings are resumed, a report will be made on a community production scheme, in connection with which members of the committee will investigate locations.

☆ ☆ ☆

Express Thanks.—The Daughters of Pity wish to thank their many friends who helped them to make their garden fete on June 21, a success and to Mr. Renard for a cash donation. The sum of $160 was realized to help with the work in connection with the children's ward of the Jubilee Hospital. Mrs. A. J. Gray and Miss K. Gillam, of 1566 Hampshire Road, were the winners of the picture, and doll's bed respectively. In both cases the exact number of beans in the jars were guessed. The clock golf was won by Mrs. Wood and the butterfly competition by Noel Collison. Information concerning prizes may be had from Miss Lovell, 1100 View Street.

SIDNEY ENJOYS RECORD DAY OF SPORT AND FUN

Dominion Day Celebrations Biggest Success in Years; Large Crowds Attended

PRIZE LIST FOR ATHLETIC EVENTS

Sidney's 1919 Dominion Day celebration outclassed all other events held in that city since the war began, and people flocked to the sports grounds yesterday from all parts of the district and adjoining municipalities to witness the splendid programme of athletic events staged by the committee in charge.

The day broke clear and fine and there was not a single untoward incident to mar the whole of the day's proceedings. The grass-covered playgrounds made an excellent outing place for all sorts of pastimes and visitors were glad to be able to recline on the ground and enjoy the beautiful panorama.

One of the big features of the day was the excellent programme of music rendered by the Victoria Labor Band, of which Thomas Beattie is bandmaster. There are bands and bands but Mr. Beattie's band proved its worth by the amount of applause it obtained. The music was excellent and there was plenty of it.

The grounds within the gate, and outside as well, were crowded with automobiles, while the highways between Victoria and Sidney throughout the day were filled with heavily-laden cars. Jitneys did a rushing business and so great was the demand for transportation to the Sidney sports that many had to be left behind. The B. C. Electric Railway trains were packed with people bound for Sidney and the regular motor stage services were taxed beyond their limit.

First in Peace.

The first Dominion Day celebration since the signing of peace was celebrated in real peace-time style, and the people of Sidney demonstrated that they fully realized the significance of the changed situation. With perfect abandon the sports were entered into; everyone was jolly. Many spent their time picknicking on the adjacent beaches.

The celebration was in the hands of the committee composed of the following: Sergt.-Major McAdam, Geo. A. Cochrane, F. Bowcot, A. Harvey, R. Sloan, F. Smith and E. Blackburn.

The Ladies' Institute took full charge of the booths for refreshments, and President Mrs. F. Simister and Secretary Mrs. Taylor were assisted by a large number of volunteers in dispensing the good things. All of the booths were excellently arranged and nicely decorated, and the efforts of the ladies had a great deal to do with the general success of the affair.

The proceeds from the day's celebration will go into a sinking fund with which it is intended to secure a site for recreation to be known as the "Sidney War Memorial Park." Sidney has no recreation park of her own and it is deemed advisable, as the city has become so popular as a sports and outing centre, to secure a suitable location for holding such events. There is as yet no site under consideration.

The Big Features.

The first item on yesterday's programme was an aeroplane demonstration in which Pilot Clemence in Pathfinder No. 2 thrilled the large number of sighteers who turned out in the morning to witness his flight. Passengers were taken up. The day was excellent for flying, and "Jack" made the best of it by putting on some wonderful "stunts" which aroused the keenest excitement and appreciation among those who were watching him.

The athletic programme began at 1 o'clock sharp. The lacrosse match played by Sidney vs. Victoria West teams was won by the Sidney aggregation, who were thus awarded the fine silver cup presented by local butchers of Sidney.

In the football tournament in which the play was with five men a side, there were three teams competing, and Sidney won the first place with the Fragments of Victoria second in line.

The baseball game was played between Roche Harbor and a picked up team of Sidney.

Following the running off of the list of events in the athletic programme the day's events culminated in a grand dance at Berquist Hall. Dancing began shortly after 8 o'clock and was continued until a late hour. Tired but happy, the crowds wended their way homeward and the big procession of motor cars started for Victoria. Everybody agreed that the affair had been one of the most successful events that had ever taken place in Sidney.

The Winners.

The following is the list of winners in the various athletic events:

The Events.

Running high jump—Silver medal, C. Moses; bronze medal, T. Harper.

16-lb. shot-put—1, Mathews; 2, Harper.

Ladies' race, 18 and over—1, Miss Bull; 2, Mrs. Woodward.

Ex-service men, 50 and over—F. Bowcott and H. Logan.

Three-legged race—D. Robertson, Sid. Humbert.

120-yard dash—R. McIlmoyle, H. Duggan.

75-yard boys' race—F. Ruttan, Stanley Armstrong.

Relay race—A. Popham, A. Creach.

100-yard dash—S. Duggan, R. McIlmoyle.

Running broad jump—Harper, and Bruce.

220-yard race—R. McIlmoyle, F. Ruttan.

Medley race — Baptiste, Thomas, Ruttan.

440-yard dash—Baptiste, Thomas, Ruttan.

75-yard nurses' race — Dorothy Smith, Miss A. Bull.

In the tennis matches James Island won from Resthaven.

The Highland Fling dancing contest was carried off by Muriel Tester.

The tug-of-war was won by the Sidney team.

Remember the Garden Fete to-morrow (Thursday) at St. George's School, Rockland Avenue. Afternoon admission, 10 cents; children, 5 cents; evening admission, concert and dance, 25 cents. Women's Auxiliary Army and Navy Veterans. •

WESTERN SCOTS' DINNER

Vancouver Boys Who Belonged to Battalion Will Come Over For Re-union.

Considerable success is being met with by the Western Scots Regimental Association in the sale of dinner tickets for the grand re-union to be held at the Empress Hotel on July 12.

A branch of the Western Scots' Association has been formed in Vancouver and arrangements are being made to bring over a large number of the ex-members of the 67th Battalion from the Terminal City for the dinner.

As quite a number of ex-members of the battalion have returned to this city during the last few weeks there has been a large increase in the membership of the regimental association. Members of the unit who have not yet joined the association are invited to send their names and addresses to the honorary secretary, R. Macnicol, P. O. Box 955. Phone 6453-R1.

Tickets for the re-union dinner will be on sale at Buena Cigar Stand, 738 Yates Street; J. Smith, J. N. Harvey, Ltd., 614 Yates Street, up to July 8 next.

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—

Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So Simple. Why wait? No humbug!

VICTORIA BOXERS WIN NORTHWEST LAURELS

AQUATIC HONORS GO TO THE CAPITAL CITY

Rowing Stages "Come Back" at Giant Gorge Gala; Win Swimming Championships

Victoria Captures Two Out of Three Rowing Races Against Vancouver; Thousands Witness Big Meet Staged by Combined City Clubs

Rowing, and its chief local exponent, the James Bay Athletic Association, "came back" after some five years of relative idleness, at the huge Citizens' Regatta held by the combined swimming clubs of the city at the Gorge yesterday. In some gruelling competitions Victoria carried off three out of four inter-city contests, among them two rowing races, while three provincial swimming championships were hung up by Jock McNeill, Audrey Griffin, and a local relay team.

The regatta was pulled off in fine style and swimming races, rowing, paddling and other water events followed each other in bewildering procession, the thousands of spectators who lined the banks having at times to view two exciting contests at once. The swimming events were held in front of the Foundation Swimming Club house, about which literally hundreds of canoes fairly jammed the stream. The proceedings were made gay with the flags and the multi-colored dress of the crowd, and were enlivened by the strains of the Foundation band under Professor Lou Turner.

Rowing Big Feature.

Not since the good old days before local oarsmen were called upon to cross the Big Pond have Victorians been treated to read sculling competitions, and yesterday the rowing events naturally proved the chief attraction of the day. Represented by several stars of ancient fame and a number of newly-discovered huskies, the good old J. B. A. A. was there in full force and in some of the form which in years gone by made it known and feared all along the Pacific coast.

"Billy" Kennedy appeared to have lost little of his ancient might and in the singles he started and finished easily ahead of his opponent, T. Seargeant, of Vancouver. Seargeant, pulling with T. Taylor, hoisted Vancouver's colors again in the doubles, however, vanquishing Wickson and Kennedy.

The big four-oared lapstreaks got into action in the biggest event of the day. The teams were composed of the four huskiest rowers who could be collected in the two cities, and it was obvious from the start that it was going to be a hot race. Away down toward the Inner harbor the syectators could see the oars flash in the sun long before they could discern the oncoming boats. With every rower straining every nerve at his oar the light craft fairly flew across the water. Gaining a slight lead at the start the Victoria crew, stroked by J. A. Wickson, were able to keep a few yards ahead of their opponents. Down past Curtis Point they rushed, Victoria still leading. For a minute it seemed as if the Vancouver boat was catching up, and then, with a last dash of speed, the Victoria boys sent their boat shooting across the winning line about twelve feet ahead of the mainlanders.

Some good rowing was seen in the competitions between various teams of J. B. A. A. boys, the crew composed of C. McLachlan, J. Riddell, S. Hartley and H. Watson, winning out after several speedy heats.

Provincial Championships.

Another laurel was captured in the 440 yards provincial championship swimming race by Audrey Griffin, the foremost Canadian lady swimmer who, representing the V. I. A. A., fairly walked away from all competitors. Another B. C. championship fell into the hands of Victoria, or rather remained there, when Jock McNeill, the present champ, representing the Victoria Amateur Swimming Club, shot in ahead of the other natators in a hotly contested 440 yards. The relay championship of British Columbia also reposes safely in Victoria, following a splendid exhibition by a Y. M. C. A. team.

But Victoria did not have it all her own way. Vancouver had sent over some good swimmers in all classes, and every one of them put up a game fight. Victoria clubs divided honors, every organization carrying off a first place in some race. The best feature of the whole gala indeed, was the way that every club rallied around and entered the best swimmers at its command. While Audrey Griffin maintained her usual style, Edna Curry, and Grace Wellburn were easily the other leading mermaids among the best of lady swimmers. Rosie Robertson showed some good form in one race.

Canoe and dingy events formed another snappy feature of the meet, Billy Kennedy displaying as much skill with the paddle as with the oars, and the J. B. A. A. maintaining its superiority in the majority of the boating events.

A Victoria team carried off the polo match after a hard struggle, two players belonging to the V. I. A. A. playing the biggest part of the game.

The Results.

The detailed results of the various competitions were as follows:

J.B.A.A. Club fours, first heat—C. McLachlin (stroke), J. Riddell, S. Hartley and H. Watson.

Fifty yards, girls twelve and under— Kathleen Wellburn, Victoria Amateur Swimming Club, first; Helen Boyce, Victoria Amateur Swimming Club, second; Dorothy Lea, Victoria Amateur Swimming Club, third. Time, fifty-two seconds.

J.B.A.A. Club fours, second heat—A. Gribb (stroke), B. Thomas, C. Jordan and D. Donaldson.

Fifty yards, boys twelve and under— Leonard Stokes, Vancouver, first; Kenneth Derbyshire, Foundation Swimming Club, second; J. Cuchanan, unattached, third. Time, forty-three seconds.

Single scull, Vancouver vs. Victoria—W. N. Kennedy, Victoria, first; F. Sargent, Rowing Club, second.

440-yards senior championship of British Columbia—Jack McNeill, Vic-British Columbia, Jack McNeill, Victoria Amateur Swimming Club, first; Jack Marshall, Victoria Amateur Swimming Club, second; Celma Ross, Vancouver, third. Time, fifteen seconds.

Double scull dingy—(Lady Cox), H. Skuce, H. W. de Carteret and Miss Kennedy (cox), J.B.A.A.

Fifty yards, girls fifteen and under—Edna Curry, Foundation Swimming Club, first; Kathleen Wellburn, Victoria Amateur Swimming Club, second; Florrie Gates, Victoria Amateur Swimming Club, third. Time, forty-four and three-fifths seconds.

Four oars, Vancouver vs. Victoria—J. A. Chickson (stroke), W. S. Day, R. Travis and J. T. Simpson, Victoria.

440-yards ladies' championship of British Columbia—Audrey Griffin, V. I.A.A., first; Grace Wellburn, Victoria Amateur Swimming Club, second; Edna Curry, Foundation Swimming Club, third. Time, seven minutes, forty-four and three-fifths seconds.

J.B.A.A. Club fours, final heat—C. McLachlin (stroke), J. Riddell, S. Hartley and H. Watson.

Relay championship of British Columbia—J. Larson, T. Harold, Al McKinnon and Angus McKinnon, Y.M. C.A., first.

Tandem canoe, mixed—Grace Wellburn and Percy Pitt, Victoria Amateur Swimming Club, first.

Tandem canoe, mixed—Grace Wellburn and Percy Pitt, Victoria Amateur Swimming Club, first.

Fifty yards, boys fifteen and under—Arthur Bird, Y.M.C.A., first; Langson Plumb, Victoria Amateur Swimming Club, second; Tom Harold, Y.M.C.A., third. Time, thirty-seven and one-fifth seconds.

Double scull, Victoria vs. Vancouver—T. Taylor and T. Sargeant, Vancouver.

Fifty yards, ladies, open—Audrey Griffin, V.I.A.A., first; Rosie Robertson, Victoria Amateur Swimming Club, second; Grace Wellburn, Victoria, Amateur Swimming Club, third. Time, thirty-seven and four-fifth seconds.

Single scull (skiff race)—Howard Watson, J.B.A.A.

One hundred yards, breastroke, open—J. Wenger, Y.M.C.A., first; A. McKinnon, Y.M.C.A., second; J. Rendall, Vancouver, third. Time, twenty-five seconds.

Single paddle canoe race—W. N. Kennedy, J.B.A.A.

Crab canoe race—R. Ross, J.B.A.A.

Fifty yards, open—Angus McKinnon, Y.M.C.A., first; Celmer Ross, Vancouver, second; Earl Squire, Victoria Amateur Swimming Club, third. Time, thirty-two seconds.

Tandem canoe race,men—Percy Pitt and J. Wood.

Diving competition—Mrs. R. W. Hibberson, Victoria Amateur Swimming Club, first; lady; Celmar Ross, Vancouver, first gentleman; Gordon Young, Y.M.C.A., third.

Four paddle canoe—R. Travis, W. N. Kennedy, H. S. Carter, J. A. Wickson, J.B.A.A.

Upset canoe, W. N. Kennedy, J.B. A.A

Water polo, Victoria vs. Vancouver—Victoria, four goals; Vancouver, two goals.

Greasy pole—F. Woodle, Foundation Swimming Club.

Officials.

The following were the officials of the meet:

Swimming Section.

Judges — Mr. Justice Martin, W. Long, Mrs. A. E. Catterall, E. E. Jenkins, J. Lyons.

Referee—G. W. Stott.

Water polo referee—D. R. Fennick.

Starter—C. E. Hooper.

Time keepers—J. M. Little, Kilburger, W. Wilkerson.

Announcer—E. E. Goldsmith.

Stewards—Mrs. J. Marshall, Mrs. C. W. McAllister, Miss B. Harkness, C. McFayden, D. Balnave, D. R. Fennick, Baker.

Rowing and Canoe Section.

Judges—G. I. Warren, G. W. Wayland, Thomas.

Starter—Mr. D. O'Sullivan.

Time keepers—H. H. Brown, F. Glolma.

Stewards—H. H. Cox, W. Newcombe, R. L. Cox, W. T. Andrews, C. Mellendaine.

ANOTHER LACROSSE GAME IS SET FOR SATURDAY

Taking advantage of the open date in the Mann Cup lacrosse race, the Foundation stickhandlers, carrying the Victoria colors, have arranged for the Vancouver team to come to Victoria Saturday afternoon for another game in the series at Royal Athletic Park. The local boys have a good lead in the race as a result of their three successive victories, and are out to follow their win over New Westminster by another defeat for the Vancouver men. On the last meeting the shipbuilders were triumphant by three goals to five.

In the intermediate league, Sidney and Victoria West meet Friday at Royal Athletic Park at 6.30 o'clock. After the game a dance at Semple's Hall, Victoria West, in honor of the visiting players has been arranged.

VANCOUVER TAKES FIRST INTER-CITY CRICKET BATTLE

Beat Victoria Eleven by 22 Runs on First Innings Score of 172

The representative Victoria eleven selected to meet the choice of the Mainland cricketers at the Jubilee Hospital grounds yesterday in the first inter-city game of the season had to admit defeat to the better side by 172 runs to 150, on the first innings. Vancouver batted for an hour and a half after the home players had been dismissed and proved their batting ability again by piling up 131 runs for eight wickets.

The Star Bat.

Vancouver sent over an excellent bat in Gore, although he did not help his side to compile the first inning's total on which they obtained the victory. He fell a victim to Major in the first innings with only two to his credit but, coming in early in the second innings he soon began to demonstrate his ability. Playing freely all round the wicket, his leg strokes being particularly neat and his wrist work extremely skillful, he made the highest total of the day, sixty-three runs being placed against his name in the score book before he walked back to the pavilion, another of Grant's many victims. Play was closed when his stumps fell.

Consistent Scoring.

Vancouver men were at the wicket about two and a quarter hours making their first innings total of 172 runs and played lively cricket from the start. The score was added to consistently for each wicket although the home captain rung the changes on his string of bowlers frequently. Eatonshore got to within one of the half century without giving a chance, four fours and one six helping his total and then L. W. York shattered his stumps.

Three-Leg Before.

Broadfoot made thirty-eight runs before he became one of three men to leave for the a l.b.w. decision. Armitage the visitors captain being one of the three when he had added seven to the score. L. S. V. York's l.b.w. victims placed him in the category of the most disastrous bowler in the first innings his wickets being obtained in shorter time than any other trundler for an average of eight runs each. J. W. York came next with three wickets for twenty-five runs.

York's Fine Innings.

Although Victoria held their stumps up longer before they were dismissed it taking just over three hours for the Mainland bowlers to close the innings they did not score as quickly as their opponents. L. S. V. York topped the score with fifty-three runs. He punished every lose ball that came in his direction and although ten fours helped his total he was not guilty of any wild hitting. He did not give one chance and it was an excellent ball by Biart that eventually sent his bails flying. Gillespie made a pretty twenty-three before he was caught off Shotton, but no other player managed to make a score of runs.

A New Cowler.

The second innings discovered a new Victoria bowler in Grant, a left-hander, who, although he was not called upon in the first innings, proved the most disastrous bowler of the day. He got five wickets for an average of a little over six apiece, a lower average than that of any other player. Every victim was clean bowled with the exception of Reed whom he caught and bowled.

London, July 2.—Paul Withington, of Boston beat D. H. L. Gollan, of the first Trinity crew, Cambridge, by two lengths to-day in the first heat of the King's Wood Sculls in the Henley Regatta. The time was 9 minutes and 16 seconds.

NATIONALS LOSE AT NANAIMO SPORTS

Victoria Players Meet Coal City Stickhandlers in Dominion Day Game

The Nationals, who made the trip from Victoria to meet the Nanaimo lacrosse players at the big sports day held at the Coal City for the holiday, came back defeated by five goals to two. The local boys found a heavier team in the field against them, and played on a field that needed a lot of knowing. Sand and rocks militated against a good exhibition of lacrosse and on several occasions a rock was picked up with the stick and thrown across the field for the pill. Five ten-minute periods were played, and the Coal City men took the lead from the start. The Nationals failed to find the net once until the third period when Hartley hung up the first counter. Mitchell, a new player with the Nationals, recorded the second tally one minute before the final whistle blew.

Baseball, a series of football games and horse races were included in the day's programme, and the event drew thousands from the surrounding district, and a large representation from Victoria.

The Victoria lacrosse players made the journey in automobiles, some of the party not reaching the city until five o'clock this morning through tire troubles.

YESTERDAY'S PLAY IN TENNIS TOURNEY

Quiet Day at Willows Courts During the Dominion Day Holiday

Real tennis weather greeted the enthusiasts on Monday afternoon and yesterday and the courts of the Victoria Lawn Tennis Club were crowded on both occasions, a number of members playing in the morning of the holiday as well as in the afternoon chiefly friendly games, as only two matches were scheduled for the holiday. Monday's games proved exceedingly interesting. The ladies' single between Mrs. Cotsworth and Mrs. Garreet provided a hard struggle in the first set won by consistent accurate hard driving. Gordon and Fairbairn disposed of their opponents by good scores. The match between Fairbairn and Westwood was a base line game on both sides, long rallies being the rule, with Fairbairn just having the edge in the end. Miss Lawson and Ciceri won from Mrs. Irwin and Taylor after a long three-set match 6-3, 6-8, 8-6. In the last set the latter were only within a point of winning.

To-morrow and Friday will see the semi-finals begun and some specially interesting games will be provided, judging from the form of the players and the handicaps.

Results Yesterday.

Miss Taylor beat Miss Roberts, 6-4, 6-0.

Gordon (40) beat Murray (—15 1-0) 10-8, 6-2.

Monday's play:

Ladies' Singles.

Miss Lawson (—50) beat Miss Archibald (3|6), 6-2, 6-1.

Miss Cotsworth (— 15) beat Mrs. Garrett (scr.), 7-5, 6-1.

Men's Singles.

D. M. Gordon (— 40) beat L. Wyles (— 4|6), 6-1, 6-1.

Fairbairn (— 50) beat Westwood (— 15 3|6), 6-2, 6-2.

Ladies' Doubles.

Mrs. and Miss Taylor (— 15 2|5) beat Mrs. Creech and Miss Milligan (scr.), 7-5, 6-2.

Mixed Doubles.

Mr. and Mrs. Fairbairn (— 50) beat Miss Sayward and Dr. Ridewood (— 3|6), 6-2, 6-2.

Miss Lawson and Ciceri (— 30 3|6) beat Mrs. Irwin and Taylor (16), 6-3, 6-8, 8-6.

Miss M. Leeming and Gordon (— 50) beat Mr. and Mrs. Garrett (— 40), 6-2, 6-1.

Men's Doubles.

Garrett and McCallum (— 50) beat Hudson and Proctor (— 15), 6-3, 6-2.

Draw For To-Day.

At 4 p. m.—Hepburn plays Idiens.

At 5 p. m.—Miss Cotsworth and Miss Harris play Mrs. Fairbairn and Miss Bradford.

Miss Roberts plays Miss Scott.

Miss Smith plays Miss H. Leeming.

Mrs. Beckton and Mrs. Mogg play Miss Idens and Miss Lawson.

At 6.30—Fairbairn and Kennedy play Wyles and Blake.

Miss M. Leeming and Gordon play Mrs. ad Mr. Meredith.

Garrett and McCallum play Berrill and Brethour.

At 7 p. m.—Mrs. Rickaby and Westwood play Mrs. Mogg and Hepburn.

BOTH GAMES WON BY WALLACE'S NINE

Vancouver Ball Players Beat Collieries and Foundation Yesterday

Ball fans by the hundreds journeyed to the Royal Athletic Park yesterday morning and afternoon under azure skies to witness exhibitions by the Wallace Shipyard team, calculated to cause much glee in the territory lying to the near east of that new Esquimalt graving dock. When the final toll was taken the field of battle looked as follows:

Wallace 14, Collieries 3.
Wallace 5, Foundation 4.

On the strength of the fans' first open air view of Ira, he was declared to be a pretty fair article.

The Afternoon Battle.

The afternoon affray was chock full of frills and chills and as fast as forked lightning clean out to the end of the tenth stanza. The score itself is good evidence that the Foundations died hard. But the odds against them were too heavy. The ball game hung from the elbow crook of R. Norden, Larson's good long lean right arm—the safest place in the whole ballyard.

Holiness Was Good.

Jimmy Holiness should draw individual mention. Jeems got off to a bad start but struggled mightily to overcome the unsavory past. He braced after four runs pattered across in the second and for eight frames more resembled his sprightly contemporary. In the end he satisfied the fans he had something besides age and experience. Little Mennis did a Samartin's full day's shortstopping himself to the Collieries in the morning and to the Foundations in the afternoon.

A Game To-night.

Yarrow's tries again to-night against Straith-Two Jacks with four new players. Manager Back has signed enough men for three ball teams, and promises a surprise party.

FOUNDATION FIGHTERS WINNERS AT PACIFIC NORTHWEST TOURNEY

A telegram received from Bab McLernan, who accompanied the Foundation fighters to Tacoma for the Pacific Northwest boxing tournament contains the information that Charlie Picca ran out a winner in the 115-lb. class, taking the Northwest crown. Dutch Hill won the 125-lb. title and Charlie Martin, a 135-lb. fighter, stepped out of his class in an effort to get the 145 laurels of the Northwest. Charlie was beaten in the final, after fighting an extra round. Complete results will be found elsewhere.

The LOGICAL WAY

Looking at the question in a purely logical way, there is no reason for paying exorbitant prices for undertaking services. When we are called upon to take charge of obsequies, we bring tact, taste and skill to the task. And the same motive which impels us to do the very best we can also prevents us from taking advantage of the occasion to impose unnecessary expense upon the family we serve.

PENSION REQUESTS OF RETURNED MEN

(Continued from page 1.)

to secure for the pensioner a generous living wage, also, that the increase apply proportionately to the allowance for dependents and that the discrepancy between the allowance for a totally disabled single man and the allowance for a widow or dependent without children be removed."

For Orphans.

The resolution also asks: "That the pension granted to orphan children as provided in Section 17 is inadequate and should be substantially increased, providing a proportionate increase to each family of an amount equivalent to a widow's pension, and that the pension may be continued until each child reaches twenty-one years of age.

"That the Board of Pension Commissioners should be empowered, subject to the authority of the Governor-in Council, to revise the basic rate of pensions from time to time in conformity with the increased or decreased cost of living as ascertained by reliable and expert investigation.

"That the Board of Pension Commissioners should be entirely dependent and free of all external influences and responsible direct to the Government through the Minister of Finance, as provided in Section 30 and 31 of the Pension Regulations.

Examining Boards.

"That every pensioner or prospective pensioner, both at his initial and subsequent examinations, should appear before a board of three medical examiners, and that there should be attached to each district office a permanent board of not fewer than three qualified medical examiners, as many of whom as possible shall be overseas men, for this purpose. That this should in no way interfere with the existing provision for the calling of expert advice when deemed necessary or when requested by the pensioner.

Appeal Boards.

"That there should be established at each centre a medical Appeal Board to which pensioners, if dissatisfied with their awards, may appeal their cases and appear for examination. That this Appeal Board should consist of one independent medical man conversant with the provisions of the Pension Regulations and the methods upon which awards are based. That he should when an appeal is made, call into consultation not fewer than two other medical men who are expertly familiar with the class of disability to which the pensioner is subject, the cost of such an appeal to be borne by the Board. The award of an appeal should be final and subject to no revision until such time as the pensioner is directed to re-appear for examination in due course.

"That the Commissioners should have power to fix the salaries of medical examiners in conformity with their ability and that no cost be spared to secure the most competent medical talent available."

Equal Pensions.

Other clauses in the resolution ask for the continuance of pensions while the pensioners are taking vocational courses, the placing of Imperial service men who were resident in Canada prior to the war and now have returned or will return on an equal footing with C.E.F. members by making up the difference between the Canadian and Imperial pensions and the equalization of pensions by raising the pensions of the rank and file to a basis of equality with the pensions of the commissioned ranks.

No Discrimination.

Another clause reads: "That the discrimination whereby former members of the C.E.F. who are taken on the strength of the Soldiers' Civil Re-Establishment for re-treatment receive pay and allowances in accordance with their former rank, be immediately removed. These men are civilians and their should be no difference either in their treatment or in the scale of pay which they receive."

It also asks that Clause 16 should be amended to provide pensions for widows and children at the death of pensioners, even though the marriage may have been contracted after the disability has been incurred, but "providing that the marriage shall have been contracted within two years of the date of discharge."

Other Requests.

Other clauses ask that dependents of any man who saw active service on a belligerent front and who dies within six months from date of discharge from any cause whatsoever, shall receive a pension; that Clause 9-A, which provides for the discontinuance of pension upon re-enlistment, should be deleted; that should a man who is on the strength of the Soldiers' Civil Re-Establishment for treatment die from any cause whatsoever, his dependents should receive a pension; that a fund should be established to provide for the burial of pensioners whenever necessary, and that no deduction be made from the pensions of any widowed mother with respect to income derived from benefits accruing as a result of the soldier's death and that no consideration be given wage-earnings received.

A Question.

"I would like to ask the delegate from Winnipeg who made the statement yesterday that pensions bill now ready to be presented to the House contained a provision for a twenty per cent. increase in pensions, if that increase applies to all ranks, officers as well as men."

This question was directed at Delegate Andrews, who is a member of the Committee of the House of Commons which considered the pensions bill, and who had made a brief statement with reference to it.

"After careful consideration," he replied to the question, "I have concluded that I should not make any further public statement in connection with this matter. I will be glad, however, to let any delegate know privately what the general provisions of the bill are."

No Discussion.

This occurred as a preliminary to the opening of the discussion on the long resolution with regard to pensions and Delegate Andrews stated further that he did not believe any discussion on the resolution could do any good.

"As I stated yesterday," he said, "every clause in this resolution has been considered exhaustively by the Committee of the House and what we say is not likely to have much effect on a measure that has already been prepared.

"Does the delegate mean to say that Parliament will pay no attention to our recommendations?" indignantly asked Delegate McKinstry, of Vancouver. "I say they ought to be made to listen to us."

INDUSTRIAL RELATIONS COMMISSION'S REPORTS BEFORE COMMONS NOW

(Continued from page 1.)

lieve that if the unemployed of the cities who understand farming methods could be induced to go on the farms, the existing unemployment problem would be solved.

The Commissioners recommended insurance for those unable to work through lack of opportunity, sickness, invalidity or old age.

Capital Cautions.

Owing to the unsettled conditions, the Commission found everywhere a great reluctance to risk unemployed capital in new enterprises or the expansion of existing ones.

Cost of Living.

The high cost of living was assigned as one of the causes, if not the chief cause of labor unrest, which would largely disappear if living expenses more nearly balanced wages. At present any advance in wages was invariably met by an increase in the price of prime necessities of life, which the Commission found many people believe is due to profiteering chiefly through cold storage plants which intercept food supplies. They also blame the present expensive system of distribution and declare there are too many middlemen. The commission noted with pleasure that this matter is being investigated by a special Committee of Parliament.

Treaty Declaration.

The Committee approves of the labor declaration in the peace treaty, that labor should not be regarded merely as a commodity or as an article of commerce.

If this basic principle, the report continues, already freely and frankly acknowledged by employers, be acted on in good faith, it would go far to improve their relations with their employees.

Fair Return.

Without any extraordinary upheavals, the report says, policies may be adopted which will insure to the worker a fair return for his toil and a living wage and insure him against want during temporary enforced idleness from any cause and during old age. The minimum wage laws now administered by boards in British Columbia, Saskatchewan, Manitoba and Quebec, should be extended to all the provinces and should cover unskilled labor as well as women and girls.

Shorter Day.

At the great majority of places visited by the Commission, a demand by workers for a shorter day was based on their desire for more leisure and energy to devote to the things of life other than work. The most common was for an eight-hour day, with the Saturday half-holiday where already established, and its further extension wherever possible, thus making a forty-four-hour week. General approval by employers in regard to the shorter working day was coupled with statements of difficulties, such as the necessity for using all possible daylight in such industries as farming, fishing and logging, which are subject to climatic conditions and limited seasons to the disadvantage of a section of any industry working shorter hours, yet competing with other sections within Canada working longer hours; also the fear that Canadian industry, with its small home market, might be unable to meet competition in foreign markets if conditions should be advanced too far ahead of countries making similar products.

The Commission believes that a shorter day is most needed in industries that are fatiguing, monotonous or conducted under trying conditions such as heat, dust, cramped positions, etc., and that the number of work hours should be based scientifically upon the demands of the industry and not upon mere ability to work such hours without undue fatigue. The eight-hour day has been recognized by the peace treaty and already adopted in many industries of Canada, it is pointed out.

The Commission recommends that it be established by law throughout Canada with due regard for the above considerations. Such legislation could provide for a weekly rest of at least twenty-four hours, which should include Sunday whenever possible, and should not interfere where a shorter day is now worked, or with its extension.

Organization.

The Commission believes the day has passed when an employer should deny his employees the right to organize—a right claimed by employers themselves and not denied by the workers. Employers gain nothing by opposition because employees organize anyway and refusal only leaves in their minds a rankling sense of injustice. The prudent employer will recognize such organization and deal with its duly accredited representatives, the Commission says.

Distrust and lack of confidence have been sometimes caused because agreements have not been faithfully observed. Charges were made on both sides to this effect. In some sections also, local trade union representatives have adopted extreme measures—such men and measures being the logical outcome of unjustifiable opposition by some employers, and the sympathetic strike principle has been adopted because of the refusal of groups of employers to grant the claims of organized workers. These factors were assigned as the chief causes of the non-observation of contracts entered into by workers in numerous cases, especially in Western Canada. This policy is not recognized by the international trade unions, who believe in strict observance of agreements, it is pointed out.

It can not be denied that trade unions generally have brought many advantages to workers in the form of increased wages, shorter hours and improved conditions.

When employers in one line of industry are organized and their employees have a central organization, a bargain between the two groups would have the advantage, from the point of view of competition, of equalizing wages, hours and other conditions affecting costs.

Collective Bargaining.

The Commission defines collective bargaining as the right of workers to group themselves for the purpose of selling their labor power collectively, instead of making individual agreements with the employers. For this purpose, men have organized themselves into trades unions and many of these are federated into central councils, such as the Metal Trades Council.

Employers, in like manner, sometimes control one factory, sometimes a chain of factories, and in some instances are organized into larger organizations of their industry, which again sometimes become part of the federation with local branches, such as the National Association of Building Contractors and Supplymen.

Collective bargaining is negotiating for and reaching an agreement between employers or groups of employers, and employees or groups of employees, through the representatives chosen by the respective parties themselves, it is stated.

"I consider that the Commission's findings are a step in the right direction, and are along the line which I myself have for long advocated," E. S. Woodward, President of the Victoria Trades and Labor Council, stated this morning when told of the Industrial Relations Commission's report. "At the same time," added Mr. Woodward, "they will not satisfy all labor men throughout the country."

CUTICURA HEALS RASH ON CHILD

On Body and Face. Red and Itchy. Cried For Hours. Lasted a Year.

"A rash started all over my little girl's body, and she had some on her face. It started in a pimple that was full of water, and it got red and itchy. She cried for hours. This trouble lasted a year.

"Then I started with a free sample of Cuticura Soap and Ointment. I bought more, and I used four cakes of Soap and three boxes of Ointment which healed her." (Signed) Mrs. Dora Langly, 1032 Gertrude St., Verdun, Que., August 11, 1918.

The Cuticura Toilet Trio Consisting of Soap, Ointment and Talcum is an indispensable adjunct of the daily toilet in maintaining skin purity and skin health.

For free sample each of Cuticura Soap, Ointment and Talcum address postcard "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

TURKISH ARMIES ARE PROBLEM NOW

Three in Asiatic Turkey Refuse to Obey Constantinople's Orders

Paris, July 2.—The Turkish situation is giving the Peace Conference much uneasiness. Reports received here indicate that there have been organized in Asiatic Turkey three Turkish armies whose generals refuse to obey orders from Canstantinople.

As the position of Gonstantinople has been much weakened by the refusal of the Conference to consider proposals from the Turkish delegates immediately, it is feared that independent movements will develop throughout Asia Minor.

D. H. Bale has been awarded the contract of an eight-room modern residence for Mrs. R. D. McAdoo, to be built on Calumet Street.

CHICAGO CORN AT NEW HIGH LEVELS

(By Burdick Bros. & Brett, Ltd.)

Chicago, July 2.—The grain market was a one-sided affair to-day, with everything favoring the holder. Shorts had a bad day and covering was free. The bulls put out the theory that the corn crop is at its best about the first of July, and that it is too far behind to make up for the poor condition at this date.

Canadian Soldiers at Epsom Charged With Manslaughter

London, July 2.—A verdict of manslaughter was returned by a coroner's jury at Epsom against the six soldiers already committed for trial in connection with the killing of a police sergeant during a riot and Camp Buglar Robert Todd.

DIVIDE DOUBLE HEADER.

Edmonton, July 1.—Saskatoon and Winnipeg divided the opening doubleheader of the second half of the Western Canada League schedule here today. In the morning the Quakers had a walkaway, running wild on the bases and piling up 11 runs to the Maroons 1. In the second games, Heath allowed only four hits and Winnipeg won two to nothing.

WIN FOR NATIONALS.

Ottawa, July 1.—By a score of 7 to 6, Nationals defeated Ottawa at Lansdowne Park this afternoon, thus getting into the championship race of the National Lacrosse Union.

HEAVY TRADING IN NEW YORK STOCKS

Stock Market Not Retarded By Tight Money

New York, July 2.—Absence of unfavorable new, a better feeling on account of the underlying strength displayed by the market on recessions, were the influences in causing considerable short covering and bringing about renewal of bullish activities in the stock market here to-day. The progress published this morning in the equipment situation is inspiring accumulation in the railroad issues. No one on the long side is paying any attention to the money market at the present time. The buying in the steel stocks to-day was most important, Crucible Steel made the most significant advance. The equipment stocks continued the upward swing.

REMEMBER THE REALTY CONVENTION, JULY 17, 18, 19.

SCOTT ST., $1,550.

FOUR ROOMS—This is a charming little bungalow at a very low price. It is just half a block off Haultain Street. The rooms are a good size, well lighted and there is a full basement under the house. An exceptionally good buy, and can be bought for $350 cash, with the balance easy.

DOUGLAS ST., $2,550.

FIVE ROOMS—This is a home that was built for the owner, who now desires to go to the country. The house has been kept in perfect condition and would require no repairs or cleaning. There is a half cement basement with large fruit room and stationary tubs. The lot is all in garden and lawn, with several young bearing fruit trees, berries and roses. Terms can be arranged.

CHAMBERLAIN ST., $2,725.

SEVEN ROOMS—The owner has just completed painting and kalsomining inside and out. There is a bright living room with archway to dining room, kitchen and den on the first floor, and three bedrooms and bath upstairs, all finished with white enamel. The living room and dining room both have fireplaces, and the basement has a cement floor with stationary tubs. The lot is 65x120. This is a cheap house and can be bought on easy terms.

ARNOLD ST., $4,250.

SEVEN ROOMS—This house is in the open part of Fairfield below the Government House, and is close to the car. The owner planned the house with great care to have a house that would be easily worked and with the rooms all bright and cheerful. The finish throughout is first-class with all built-in features and heavy construction. $500 cash will handle this property and the balance on monthly payments.

REMEMBER THE REALTY CONVENTION, JULY 17, 18, 19.

GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA.

SOUTHERN OKANAGAN LANDS.

NOTICE TO CONTRACTORS.

SEALED TENDERS, superscribed "Tender for Excavation of 1st Unit of Main Irrigation Canal, Southern Okanagan," will be received by the Honorable the Minister of Lands up to 12 o'clock noon of Thursday, the 10th day of July, 1919, for the construction and completion of approximately 8 miles of main irrigation canal from the point of diversion on Okanagan River; together with such excavations for structures incidental thereto as may be required.

Plans, Specifications, Contract and Forms of Tender may be seen on and after the 21st day of June, 1919, at Government Agent's Offices at Fairview and Vancouver, and at the Water Rights Branch, Victoria.

Copies of the Plans and Specifications may be obtained at any of the above offices on deposit of the sum of Ten ($10.00) Dollars, which deposit will be refunded upon the return of the Plans and Specifications accompanied by a proper tender.

Each proposal must be accompanied by:

(a) Consent in writing of a Surety Company acceptable to the Honorable the Attorney-General that should the proposal be accepted it will become surety in the sum of Twenty-five Thousand ($25,000.00) Dollars for the faithful performance of the Contract, or

(b) An accepted bank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Lands, for the sum of Three Thousand Five Hundred ($3,500.00) Dollars, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

PIONEER RESIDENT SUDDENLY PASSES

F. F. Hedges, Highly Respected Citizen, Succumbed at His Home This Afternoon

Francis Ferdinand Hedges, a pioneer resident of this city, suddenly passed away this morning at the family residence, 1327 Arm Street, Victoria West.

For the past thirty years Mr. Hedges has been employed as accountant at the ship-chandlery firm of E. B. Marvin & Co. Apparently in good health he performed his office duties on Monday. Mr. Hedges hails from England and prior to entering the service of Marvin & Co., was employed as accountant with the Hudson Bay Company.

OBITUARY RECORDS

The funeral of Mrs. Emma J. Weiler, wife of Otto Weiler, took place yesterday afternoon from the family residence at 238 Douglas Street. The service, which was private, was conducted by Rev. Dr. Clay. The pallbearers were: H. Currie, R. Sangster, H. J. Scott, E. Cody Johnson, R. Martin and G. W. Anderson. The remains have been forwarded to Seattle for cremation.

Full military honors were accorded at the funeral which took place this afternoon from the Sands funeral parlor of Mathew Stuart Rae, husband of Mrs. Christian Rae, of 1769 Pembroke Street. Mr. Rae, who was fifty-three years of age, and a native of Larkhill, Lanarkshire, Scotland, died at the Jubilee Hospital Sunday morning. He had been a resident of this city for the past two years and six months, and was lately a lighthouse keeper. He is survived by, besides his widow, one son, Robrt R. Rae, at Cumberland, B. C., and three daughters, Mrs. A. Thomas, Misses Barbara and Grace Rae, of this city. He was a member of the Great War Veterans' Association, also a member of the Odd Fellows' Lodge at Kemmerer, Wyoming. Brother Oddfellows acted as pall bearers, and the body was borne to the cemetery on a gun carriage.

The funeral took place yesterday from the Thompson funeral parlors of John James Pennick, aged 65 years, whose death occurred at the Jubilee Hospital Sunday. The Rev. G. Cook officiated at a short service which was attended by many friends. J. W. Pennick, A. Pennick, H. McCarrison and A. Button acted as pallbearers.

The death occurred yesterday morning at 2622 Blanshard Avenue, of Ann Carter, aged sixty-eight years. Deceased was born in England, had resided in Victoria for the past fifteen months. She is survived by three sons and eight sisters and one brother. The remains will be sent by the Sands Funeral Company to Vancouver for interment.

At the age of ten months and two weeks, the death occurred yesterday morning of Kathleen Edna Hatt, 2519 Shelbourne Street. The funeral will take place to-morrow afternoon from the family residence, the arrangements being in the hands of Sands Funeral Company.

To Hear Delegates.—Reports of the delegates who represented the Victoria Rotary Club at the recent Salt Lake City Convention will be heard by the local Rotarians at their meeting on Thursday.

NEW ASSESSMENT CLAUSE OPERATIVE

Important Amendments to Municipal Act Are Now in Force

The law on assessments, tax sales, rebating of municipal taxes and so-forth, is now changed owing to the fact that the amended part VIII. of the Municipal Act became operative yesterday.

The changes are not of the drastic character contemplated by the draft bill which had to be withdrawn last winter in the face of opposition, details of which were published at the time, still they make substantial modifications in the law.

Those modifications are mainly directed to a simplification of the complex law which has existed in the original measure of 1914, as amended in four sessions thereafter, resulting in good business for lawyers, but poor economy for the taxpayers. All this aggregation of conflicting regulation is now discarded in so far as it relates to rates, the collection thereof and the punishment for failing to keep property free from obligations to the municipality.

The only item to which public attention has hitherto been directed of the clauses now in force, is that abolishing tax rebating for prompt payment. In its place a stiff penalty clause is established for those who allow or are compelled by circumstances to permit their property to be in a state of arrears. Delinquency is now subject to a percentage charge which would stir the most apathetic taxpayer.

The tax sale has become compulsory. Had it always been so, the municipal councillors would have been saved many anxious hours, and much lobbying. Critics have not been wanting to declare that much of the present chaos is due to past experience with tax sale regulations, but at any rate the evidence is conclusive that those municipalities which held their tax sales in spite of all oppositon are now in the best financial position.

The principle of Courts of Revisions composed of members of the councils is retained. The draft of the bill would have set up a court upon which it would have been illegal for any member of the council to sit. Great opposition developed, both from the attitude of practical expediency by those who considered as councillors they knew what revenue was essential, and from the standpoint of democratic observers who saw in the motion the weakening of responsible government by the setting up of a body which could only be disturbed for cause by a judge.

MANY SOLDIERS IN PROVINCIAL SERVICE

Over 1,200 Veterans Employed, According to Commissioner's Statistics

According to a return submitted by Civil Service Commissioner MacInnes to Premier Oliver this morning, a total of 1,266 returned soldiers are now on the payroll of the Government of British Columbia. Of this large total, 160 are men who were on the staff of the permanent civil service before they enlisted for service overseas.

"All of these men have been deinstated in positions as good or better than those which are occupied at the time of their enlistment. Their average rate of pay is $17 per month greater than that they were receiving at the time of enlistment," states the Commissioner, who says that every man formerly in the civil service, who went overseas, and who has applied for reinstatement has been given a position in the service as good or better than the one he left.

In addition to those reinstated, there have also been 110 returned men appointed to new positions in the permanent civil service and who will all be taken care of in the reorganization work. The balance of the 1,266 is composed of a battalion of 996 men who are engaged under the Government in land clearing for the Land Settlement Board, in fire protection and patrol work under the forests department, and road and other work for the public works and railway departments.

RETURNS TO BUILDINGS

Chief Clerk of the Department of Fisheries Back "Over the Bay" From Service in France.

George Miles, formerly employed in the office of the Assistant to the Commissioner of Fisheries in British Columbia, has now returned to his duties at the Parliament Buildings and will resume duties under Mr. Babcock as chief clerk of the Department.

Mr. Miles enlisted in and went overseas with the 102rd Battalion, Vancouver Island Timber Wolves, and was fortunate enough to see a good deal of fighting without injury. When the armistice was signed he was still in France and took part in the march of the victorious armies to the Rhine.

While doing duty with the army of occupation Mr. Miles was quartered in Cologne, and made full use of his opportunities of seeing as much of the surrounding country as military limitations would permit.

Will Sue City.—Dr. Richard Nash has notified the civic authorities of his intention to sue the city for damages, which his automobile is alleged to have sustained when it collided with a fire truck on June 5.

Whenever you sense a sick headache, or feel a bilious attack coming on, ward it off by the timely use of

BEECHAM'S PILLS.

Largest Sale of any Medicine in the World. Sold everywhere. In boxes, 25c.

FIVE PEOPLE HURT IN HOLIDAY AUTO SMASH

Dr. More's Car Turns On Its Side; Several Other Accidents

Several automobile accidents were reported to the police this morning as a result of outings yesterday. Fortunately no serious injuries were sustained by occupants of the cars.

Dr. Logan M. More, who with Mrs. More, Miss More and two friends, were proceeding along the Saanich road bound for Brentwood had a bad mishap when making the dip in the road about three-quarters of a mile on the city side of Royal Oak. In some manner unknown to Dr. More, who was driving, the car skidded in the roadway. The five persons were badly shaken up, and cut about the faces and neck. This morning they had practically recovered from the mishap.

Taking advantage of the delightful weather yesterday thousands of motorists sped over the many excellent highways leading from this city to up-Island points. There was a steady stream of cars over the Malahat and the Saanich roads were alive with traffic. With so many cars on the road it was only to be expected that accidents would occur. Punctures and blow-outs were numerous.

When returning from Sooke one of the motor stages left the road about half way into the city, but fortunately all the passengers escaped with a slight jolt. At the corner of Admiral's Road and Craigflower Road a motor car broke a front axle early in the day, and close to the point where the Gorge Road runs into Admirals Road a large car was ditched.

FIFTY MINUTES FROM NANAIMO BY PLANE

Pathfinder Makes First Aerial Trips Between Here and Coal City; Went to Vancouver

Logging the first flights between Victoria and Nanaimo the aeroplane Pathfinder No. 2 returned to the Willows aerodrome on Monday night at shortly after 10 o'clock. The machine left here at 5.30 o'clock in the afternoon and landed at 6.25 o'clock, and after dropping propaganda and carrying two passengers, started on the returned trip at 9.15 o'clock, dropping on to its wheels at the Willows at 10.05 o'clock.

Capt. Jimmie Gray piloted the Pathfinder on her trip, and Gordon Cameron flew as a passenger. The flyers report splendid weather. This is a new record for travel between here and the Coal City. Train takes between three and four hours and the Pathfinder was exactly fifty minutes making the return journey.

This is the first occasion on which the Pathfinder has done any night flying and the aviators had a chance to view the city by night. They report a most inspiring scene. The Parliament Buildings was illuminated and was brilliantly set in the heart of numerous avenues of cluster lights, which radiated from it. The flyers stated that the illuminations of the Gorge Park were particularly pretty.

Yesterday morning the Pathfinder, piloted by Jack Clemence flew to Sidney and stunted there. Later it crossed to Vancouver and assisted the Terminal City boys to put on one of the most exciting aerial meets ever held in Canada. The Pathfinder is due back this afternoon.

ISLAND NEWS

The constant struggle by St. Andrew's congregation, Nanaimo, with their debt on their church since its erection some 25 years ago and their deliverance during the past six weeks from the total indebtedness of $8,700 was the story that was interestingly set forth at a gathering of the congregation.

A Victoria company the other day bought 150,000 railway sleepers at Chemainus to cut up for firewood. These ties were too badly destroyed by the toredo worm to be used for the purpose for which they were cut. They were sold some three years ago to an American firm for the Imperial Government, but were left in scows to be towed away for two years and then piled on Bear Point for one year. Two months ago the best of them were picked out and loaded on the Zemora with newly cut ones for the Imperial Government—Port Alberni News.

The annual Fall Fair of the Nanoose Agricultural Society will be held at Parksville on September 11.

Automobile drivers on the Island highway, between Parksville and Alberni, have to exercise care to avoid running over numerous grouse.

TO RESIDE HERE.

After 30 years' active association with the Merrick-Anderson Co., Ltd., Winnipeg, Geo. J. McGiffin, veteran traveler, retired on February 1, 1919, and was pensioned by the company. Mr. McGiffin has covered practically all of the prairie provinces, in the early days over the prairie trails and latterly over the steel rails of the various railroads. It is understood Mr. McGiffin holds the distinction of selling the first carload of shot which ever went into Edmonton, Alta.

Mr. McGiffin will move here, his desire being to live in a country where climatic conditions are not quite so severe. It is understood he will still retain his stock in the Merrick-Anderson Co., Winnipeg, and that his activities at the Coast may be devoted to agency lines.

Would Be Supervisor.—The civic authorities have received a communication from K. B. Spurgin, who desires to be appointed supervisor of the business connected with the Housing scheme, should the city decide to accept its housing allocation. The matter will be left in abeyance until final decision for or against the acceptance of the allocation is made.

WAS THERE WITH OLD TIME "PEP"

"BILLY" KENNEDY,

Victoria's foremost oarsman, who displayed his ancient might in the big Gorge gala yesterday by winning with ease the singles against a Vancouver competitor.

THE 440 YDS. CHAMPION

AUDREY GRIFFIN

Victoria's and Canada's finest lady swimmer, who maintained her international reputation by swimming the British Columbia championship for 440 yards at the big Gorge gala yesterday and who also vanquished all opponents in the fifty yards open.

ONE OF WILLARD'S BEST PUNCHES BARRED

Toledo, O., June 30.—Barring of the rabbit punch, one of Champion Jess Willard's favorite deliveries, will be demanded by Jack Kearns, manager of Jack Dempsey, before he allows the challenger to enter the ring with Willard on July 4. Kearns made known his decision to-night.

The punch is a blow delivered to the back of the neck while the men are fighting in clinches with at least one arm free. Both Willard and Dempsey have been using it with punishing effect in their training bouts, and Manager Kearns claims that, while the blow is a favorite with the champion, it is not all-important in Dempsey's repertoire of punches.

THE INTER-ALLIED GAMES

Pershing Stadium, July 1.—Earl Eby and M. P. Spink, both of Chicago, finished first and second in the 400-metre dash in the inter-allied games here today. Wilton, of New Zealand, was third, the time being fifty seconds flat. William Taylor and James Humphreys, two other Americans, finished the same way in the broad jump. Moreaux, of France, was third. The winning jump was 3.14 metres.

In the final of the 200-metre hurdles wonby Robert T. Simpson, the world's record would undoubtedly have been broken except for the fact that the third hurdle was misplaced, throwing the runners off their stride.

Simpson and William E. Sylvester and Meredith House, who finished second and third, respectively, led from the start and finished easily.

France again demonstrated her fencing supremacy to-day by winning the majority of the eight sword trials.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! it is harmless and never irritates.

MEET TO DISCUSS PRESSING PROBLEM

Educational Authorities to Consider Establishment of Two-Year College Course Here

Action on the proposed two-year British Columbia University course in Victoria is expected in the immediate future.

Municipal School Inspector Paul has been asked by President Klinck, of the University, to set a date for a meeting of a committee of the University Senate with the principals of the Victoria, Esquimalt, and Oak Bay High Schools to investigate the reason why so few local students attend the college in Vancouver. It is probable that the meeting will be held next week in Victoria. Mr. Paul will be one of those who will serve on the Senate Committee.

The meeting will be asked to consider among other matters a resolution adopted by a committee of the Victoria School Board urging the establishment of a two-year university course here. This, it is thought by the educational authorities, would result in a large attendance of local students at the University and would be to a great extent a solution to the present problem.

It is hoped that a two-year course, such as existed before the establishment of the B. C. University, will be inaugurated in the High School again in the fall. It is now recognized that the custom of the large part of Victoria students of attending eastern or American universities in preference to the Provincial institution constitutes a serious educational problem. As this condition did not exist when a two-year course—under the auspices of McGill university—existed, it is thought that the lengthening of the present course to two years might have most beneficial results.

TO ENLIST INDIA IN JAPAN'S RACE FIGHT

New Racial League Plans Big Appeal at Washington Meeting

Tokio, June 30.—The temporary rejection of the Japanese plea for recognition of racial equality in the Peace Conference has not discouraged those who are working in support of the principle through the Racial Indiscrimination League. This organization has now been made a permanent one, and its plan is to resubmit the proposal every year at the sittings of the League of Nations Council.

The organization is now at work upon drafts of proposals which will be submitted to the first sitting of the Council in October at Washington. According to the Nichi Nichi, the League complains that the Chinese delegation should have supported the Japanese in their contention and an effort is being made to secure support for the next attempt from both the Chinese and the Indians.

To Employ Propaganda.

Part of the present effort of the organization is to accomplish this object by means of the circulation of propaganda in China and in India. It is said that Dr. Paul Richard, who is closely in touch with Indian affairs and ambitions, will undertake the task of securing the co-operation of the people in the south.

The Nichi Nichi believes that it will be possible for the league to induce the people of Turkey to join in the movement. Members of the league believe that this can be done in the case of Turkey without interfering with the awards of the Peace Conference with regard to that country.

Refuse Free Light.—A request from the promoters of the proposed swimming baths on the Dallas Road for free light from the city, was refused by the City Council on Monday night. It was pointed out that the city has no power to grant free light to any company without submitted a by-law to the people.

☆ ☆ ☆

St. Andrew's Tombola.—The drawing took place yesterday afternoon at Willows Beach for the winning numbers in the Tombola arranged by St. Andrew's Roman Catholic Church. The following are the numbers: Suit of clothes, No. 133; for woollen sweater, No. 368; for the bathing suit, No. 873. The drawing was held during the Sunday school picnic at which there was a large attendance. Parties holding winning numbers should call at O'Connell's Limited, for their prizes.

☆ ☆ ☆

Charged With Having Liquor.—Lee Duck appeared in the police court this morning charged with having liquor in his possession. He was remanded until Saturday.

THINK POLICE ACTED BEYOND THEIR POWER

Officers of "Tribune" Consulting Legal Authorities With View to Taking Action

In order to ascertain the legality of the search warrant used by the Royal Northwest Mounted Police in entering their premises, the official of The Tribune, have engaged legal aid with a view to starting action. E. S. Woodward, editor of the paper, states that the police had no authority to enter The Tribune office through the fact that the warrant called for the searching "of offices and premises of the Socialist Party of Canada and the offices and places of abode of any of the officers." Mr. Woodward states that he is not a Soicalist and is not a member of the party. The Tribune to be issued to-morrow will contain a leading article on the raiding of the premises.

Mr. Woodward is in a quandary as to regarding the person who entered his house yesterday while he was absent. When he left both doors of his house were locked, but on returning he found the front and back doors unlocked. He is not sure whether or not the police visited his place.

Inquiry at the offices of the Royal Northwest Mounted Police this morning failed to reveal any new developments. The police are reticient in respect to Monday's action.

About 10 o'clock on Monday morning the police armed with a search warrant sworn out in Winnipeg and an endorsement by E. J. Clark, deputy justice of the peace in Vancouver, entered the premises of the Victoria Printing & Publishing Co., Yates Street, printers of The Tribune. As the result of a thorough search the police carried away a number of papers.

The police also searched the quarters of the Longshoremen's Union in the De Cosmos Block.

IS STILL CHAMPION

JOCK McNEILL

of the Victoria Amateur Swimming Club, who won out in 440 Provincial championship race at at the big Gorge gala yesterday, and retained the B. C. championship for that event.

Market Days.—The Market Committee of the City Council at present has under consideration a petition signed by a large number of stall holders in the city market that the market days be changed from Tuesday and Saturday to Wednesday and Saturday as formerly.

☆ ☆ ☆

Board of Trade Meeting.—A meeting of the Council of the Board of Trade will be held on Friday morning at 10 o'clock.

FUTURE OF BLACKMAN IN SOUTH AUSTRALIA

Much Neglected Aborigine Has Been Steadily Disappearing

Dr. Herbert Basedow, speaking recently at Adelaide, South Australia, said unfortunately they had claimed that they had done much for the aborigines when they had, in fact, done very little for them. The Australian native, he considered, was not understood. The aborigine was a very primitive man. He dealt with the history of of the native races which had in ancient days inhabited Australia and other parts of the world, and made comparisons between them and the present type of natives. He added that he hoped they would agree with him that they were not justified in referring to the aborigine as a low-down nigger, not worthy of consideration. They were not justified in calling a child of a white father and aboriginal mother a halfcaste. He wanted them to appreciate the aborigine more thoroughly than they had, probably, in the past. If they could investigate the beautiful folklore and legends of the Australian aborigine, they would agree he was sure, that nothing could better be placed in the kindergarten. He quoted examples. He also emphasized the need for medical supervision of the aborigines, who, he said, were much more susceptible to infection than were the white people. In converting the natives to civilization they must be patient, and then they would be able to command success. He had previously emphasized the awful conditions in which some of the races existed. Some people said—"Why trouble about them; they are dying races?" That should not be so. The population was a doubtful quantity, but he thought it would be anything up to 150,000 for Australia. In South Australia it was about 5,000. They would realize the awful sacrifice of Australian aboriginal blood, when it was stated that half a century ago there were between Adelaide and 180 miles north and 200 miles east of it, quite 12,000 aborigines, while now there were probably not more than 120. He did not criticise, but admired, the work that had been accomplished by the Aborigines Department. The state had started off well in that work. Then it had stopped, and had merely given protection. In addition to the present protection, the aborigines should be given thorough medical protection, not only against the diseases introduced by the Europeans, but against insanitary conditions in their camps. Lock hospitals should be established to isolate certain cases of disease. Native reserves should be provided. In the past all the game had been shot away, and the natives had been forced into the townships. It was a pity that there had not been absolute reserves for them. Looking upon the aborigine in a psychological way, he was a human being inferior to the European child, and who yet had to face the criminal court of his master, the super white man, as though he were as educated as that super being.

JAPAN HAS WONDERFUL HIGH MOUNTAIN LINE

Tokio, June 30.—The Hakone railway, which has been under construction for more than six years and has cost 3,000,000 yen, was opened to general traffic on June 1 under the management of the Odawara Electric Railway Co. The new line extends from Yumoto to Gora—a distance of five miles and a half, and has been the first experiment in high mountain railway building in Japan.

According to a statement attributed to the Director of the Superintendence Bureau in the Government railway board, Mr. Satake, in the Jiji, the ruling gradient of the line is one in twelve. As a means of additional precaution to protect the traffic the trains are equipped with three brake systems, making use of pneumatic and electric brakes as well as the usual hand brakes. A magnetic brake of American manufacture is also in use.

There are at present seven cars in operation which make trips every half hour. Fifteen minute service on the line is contemplated in the near future. The highest depot is at Gora which has an elevation of 1,818 feet. The short line has twelve tunnels.

Grass Fire.—The Fire Department extinguished a grass fire at the corner of Government Street and Bay Street last night.

LEARN TO BE A NURSE

One can learn all about nursing not only in the hospital but in the home, by reading a new book just out, which teaches all there is to know about nursing except the practical experience. This book is written for the ordinary reader and contains five hundred pages, nicely bound, and sold by prominent drug stores in town at the nominal cost of 50 cents. It contains chapters on Emergencies, First Aid, Expectant Mothers, Mother and Babe, How to Recognize Different Diseases, the Taking of Temperature, Care of the Wounded, Burns, Scalds, Broken Legs, Arms, Anatomy, Physiology, Hygiene.

The home nurse will find within its pages reliable up-to-date instruction for caring for the sick, and the professional nurse will renew her hospital training. Such a book usually sells for $2.00, and every woman should have a copy for ready reference. Your druggist has it for sale for a limited time for 50c, or write World's Medical Press, 654 Washington St., Buffalo, N. Y. Order soon, edition limited.

Engine Repairs

We specialize in High-grade Machine and Electrical Work for Autos and Trucks. Our plant is fully equipped for the rapid execution of repairs and the making of new parts. Gear Cutting, Cylinder Boring, Battery Charging. The more difficult the job the better we like it. Call us up.

CAPT. EDDIE IS COMPASS ADJUSTER

Appointment Applies to Ships Controlled by Department of Marine on Pacific

Vancouver, B. C., July 2.—Capt. Charles Eddie, chief examiner of Masters' and Mates' for the Western Division, has been appointed official adjuster of compasses on the vessels of the Department of Marine on this coast. This appointment is in accordance with the answer recently given by the department disposing of representations made regarding the adjustment of compases on vessels other than those owned by the Department. This is a privilege accorded to examiners on both side the Atlantic and Pacific seaboards.

Expensive Witnesses.—To witness in the Westholme Lumber Company dispute, Messrs. Boyd, Ehle and Van Rensselaer, two engineers, will be brought to Victoria by the civic authorities, if their presence is deemed necessary by T. R. Robertson, K.C., the city's solicitor in the case. Mr. Ehle will charge the city $75 a day less forty per cent. for the time during which he is travelling west from New York, while Mr. Van Rensselaer will charge $50 a day. Travelling expenses will be borne by the city.

Whoever enjoys a perfect cup of coffee—fragrant, delicious, satisfying—will find an added pleasure in a cup of Chase & Sanborn's "SEAL BRAND" COFFEE.

In ½, 1 and 2 pound tins. Whole—Ground—Pulverized—also fine ground for Percolators. Never sold in bulk.

CHASE & SANBORN, MONTREAL. 204

1203 Douglas Street

MAPLE LEAF SHIPS TO RESUME SERVICE

Sailings From New York via Panama Canal Will Be Inaugurated in October

According to B. W. Greer, who represents the company on this coast, the Maple Leaf Line will resume its New York-Victoria-Vancouver sailings early in October.

The freighters of the Maple Leaf Line plied regularly to British Columbia ports until 1914 when war activities necessitated transfer to other routes. New freighters have been purchased by the company and will be placed on this route in the fall. They are standard steel ships of 9,600 deadweight tons, and will have a sea speed of eleven knots.

Prior to the war the Maple Leaf Line operated a monthly service via the Panama Canal, the ships of the fleet plying between New York, Victoria and Vancouver, and on the outward voyage crossing the Atlantic to Avonmouth, England.

It is expected that the former service will be maintained on resumption. Mr. Greer has just returned to the coast from New York where he conferred with the heads of the line.

SEVERAL LAUNCHINGS SLATED THIS MONTH

Mrs. Jos. McKay Will Sponsor Hull 211 to Be Sent Afoat Friday

Speeding up of the construction programme of the Foundation Company will be emphasized with the launching of Hull 211, which will take place at the Point Hope yard on Friday. The schedule provides for the launching of three vessels this month, and if possible a fourth will be sent into the water before the expiration of July. Four vessels are in line for delivery to the French representatives this month, and with the Ogden Point outfitting plant driving at top speed there is every probability that this programme will be adhered to. The rapid completion of ships at Ogden Point henceforth will clear the way for other units and enable the construction end to catch up with its original schedule.

Mrs. Joseph McKay, wife of the superintendent of the Point Hope and Point Ellice yards here, will sponsor the vessel to be launched on July 4. Hull 211 will be sent down the ways at 8 o'clock on Friday night, she being the ninth hull to be completed on the present contract.

The vessel will be christened Trois Rivieres.

First Official Trial.

It was announced this morning by Ed. E. Jenkins, assistant Northwest manager of the Foundation Company, that Hull 207 will set out from the Ogden Point basin on her official trials at 10 o'clock on Saturday morning. The vessel underwent her dock trial this afternoon and everything is reported to have passed off smoothly.

After the engines were turned over the vessel was given a preliminary tryout in the outer harbor. To-morrow she will go into drydock at Esquimalt to be cleaned in readiness for the official trial on Saturday.

OVERDUE VESSEL MAKES HONOLULU

Schooner Luka Ran Short of Supplies and Water and Master Fell Ill

Honolulu, July 2. — The small schooner Luka arrived here yesterday from Suva, Fiji group, seventy-five days overdue and with her supplies and water nearly exhausted and her master ill.

A typhoon struck the Luka soon after she left Suva, disabled her rigging and forced her from her course. She touched Jaluit Island, in the Marshall group, and made temporary repairs. Leaving the island, she encountered adverse winds and was forced to make a wide detour around the Hawaiian group, sailing 5,000 miles more than the distance ordinarily to be covered.

JAPANESE MERGER IS NOW COMPLETE

Capital of New Steamship Corporation Is Fixed at $50,000,000

Plans for the big Japanese steamship Merger have been completed and the promotors of the Kokusai Kisen Kaisha, by which name the new organization will be known, have now reached a definite decision regarding the arrangements for its establishment. The capital is fixed at $50,000,000, divided into 2,000,000 shares, all of which will be subscribed by the promoters. The first call on the capital will amount to $12,500,000, but this money will be obtained by borrowing from the Japan Iudustrial Bank at a favorable rate of interest. The inaugural general meeting of shareholders was held on July 1.

The vessels to be taken over by the new company total 499,500 tons, of which more than half will be offered by the Kawasaki Dockyard Company. Particulars of the tonnage to be offered by the Japanese shipping or shipbuilding companies interested in the project, together with the shares to be borne by them, are as follows:

	Tonnage	No. of Shares
Kawasaki Dockyard Co.	275,000	1,100,000
Suzuki & Co.	84,300	337,400
Asano Shipyard	51,500	206,400
Hughimoto Kisen Kaisha	25,400	101,600
Yamashita Kisen Kaisha	23,600	94,000
Uchida Kisen Kaisha	17,300	71,200
Nippon Yusen Kaisha	17,300	69,200
Ishikawajima Shipyard	5,000	20,000
Total	499,500	2,000,000

One half of the tonnage is to be offered to the company immediately on its establishment and the other half will be transferred in December. The vessels to be taken by the company include those which are now under charter.

SHIP IS FORCED AWAY BY STRIKE

Canadian Volunteer Orderd to Genoa Bay to Take on Cargo of Lumber

Owing to the Longshoremen's strike, the Canadian steamship Canadian Volunteer, which has been lying alongside the wharf of the Canadian Puget Sound mill for the past two weeks, will be forced to leave port to complete a full cargo of lumber for her maiden voyage to the United Kingdom.

Arrangements have been completed to dispatch the vessel to Genoa Bay, where she was under orders to proceed after taking on a million feet of lumber here.

The lumber supplied by the Cameron Lumber Company has been lying here on scows since the arrival of the Canadian Volunteer from Vancouver, but it has been impossible to commence loading operations owing to the refusal of the longshoremen to work the cargo.

The vessel, which is of 4,300 tons register, was built at the Wallace shipyards, and is the first ship of the Canadian Merchant Marine to be completed on the Pacific Coast.

It has been rumored that the Canadian Volunteer carried a foreign crew and the immigration authorities here were asked to investigate. In speaking of this report this morning, H. Milburne, superintendent for the Canadian Merchant Marine, emphatically denied the allegation, stating that the crew was British and composed mainly of naval reserve men, both on deck and in the engine-room.

DOMINION'S LOAN OBLIGATIONS IN THE UNITED STATES

New York, July 2.—Bankers working on plans for the re-financing of Europe and other war reconstruction measures yesterday held a special conference at the offices of J. P. Morgan & Company regarding extention of financial aid to Canada.

The Government of Canada has a $100,000,000 loan maturing here on August 1, and partly because of the prohibitive discount on Canadian exchange it is expected that steps will be taken to extend or refund this money. Other Canadian requirements may serve to swell the total of whatever new financing is arranged, so that the aggregate will be more than $100,000,000. This matter, however, has not finally been decided upon, it was said.

SUFFERED TERRIBLE AGONY

"Fruita-a-tives" Alone Gave Him Quick Relief

Buckingham, Que., May 3,, 1915.

"For seven years I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally a firend advised 'Fruit-a-tives.' I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take 'Fruit-a-tives,' and you will get well."

ALBERT VARNER.

SS. CARONIA LANDS TROOPS AT HALIFAX

Two Hospital Units and the Tenth Canadian Reserve Battalion

Halifax, July 2.—The SS. Caronia, with the Third Canadian General Hospital, McGill Unit, under command of Lieut.-Colonel L. H. McKim, the Sixth Canadian General Hospital, Laval University, the Tenth Canadian Reserve Battalion and other details docked here this morning after an uneventful trip of seven days from Liverpool.

The Tenth Reserve Battalion returned 1,600 strong under command of Lieut.-Colonel H. L. de Martigny, who went over as a subaltern in the famous 22nd Battalion, which the Tenth Reserve re-inforced. Nine hundred of the battalion are for Montreal and 700 for Quebec.

The Caronia disembarked here in all 3,856 passengers, made up of twenty-nine civilians, 176 officers, and 3,651 men. Among the officers who returned were Lieut-Colonel T. C. Evans and Lieut.Colonel A. Claude Brown, O.B.E., of Banff.

SS. Scandinavian.

Montreal, July 2.—Having carried 1,313 passengers across the Atlantic, of whom many had landed at Quebec yesterday morning, the Scandinavian, of the Canadian Pacific Ocean Steamship Company, docked here last night about 7.30.

There were 515 cabin passengers, including forty-nine military men, 131 dependents and 335 civilians. The third class numbered 798 passengers, including 225 military men, 477 dependents and sixty-six civilians, all of whom landed at Quebec. The troops were Canadians who had been in the Imperial forces, the majority in the Royal Air Force.

SS. Uruguay.

London, July 2.—The hospital ship Uruguay sailed for Portland, Maine, yesterday, carrying twenty-four officers, three nurses, eighteen patients from Orpington, and 702 from Kirkdale.

The officers aboard include Lieut-Colonel F. Carrion and N. Groyne and Majors O. Birden, C. Lane, J. Hartley and R. N. Shillingworth.

BADDELLEY-BRAKES WEDDING.

The wedding has taken place of Miss Rose Janet Brakes to Archibald Baddelley, of Leeds, England, who came here on being repatriated to Switzerland, and thence reached Canada. The bride was accompanied by Miss Violet Brakes, and was given away by her father. She carried a bouquet of roses. The groom was supported by J. Bloom, a soldier comrade.

The wedding took place at Belmont Methodist Church, by the Rev. R. Wilkinson. At the bride's home thirty friends attended to offer congratulations. Many presents were received by Mr. and Mrs. Baddelley. A group photograph was taken on the lawn, and afterwards the bride and groom left for Seattle on a honeymoon tour.

COWICHAN BAY MECCA OF HOLIDAY CROWDS

The Alta Placed First in Victoria's Club's Motor Boat Race

Royal weather ushered in Dominion Day at Cowichan Bay, where the Cowichan Yacht Club celebrated the occasion with its twelfth annual regatta. From an early hour cars and motor launches wended their way to this mecca of water sporting. It would be difficult to find such another ideal spot, surrounded as it is with high hills covered with lovely green trees, and giving a glimpse of the snow-capped mountains at Cowichan Lake.

Craft From Victoria.

At noon-time, when Commodore Lane fired his first gun, the Bay was studded with motor and sail craft, a large number of the former coming from Victoria to take part in the race for the Lane and Irvine Challenge Cups. The race was over a five-mile course and under handicap, about a dozen boats entering. A very close finish resulted, with Venture leading, but was disqualified. Thealta, of Victoria, being placed first.

Vaudeville entertainment, fortune-telling, refreshment stalls and many side shows helped to swell the receipts.

The Pipe band, formerly of the 5th Regiment, provided musical items throughout the day. As the C. P. R. were unable to send the usual excursion steamer this year the crowd was somewhat smaller in size, but everyone appeared to enjoy the outing.

Results.

Sailing Race, Dinghies, Solent Class—1, Arthur Crease, Victoria; 2, Ash, Victoria, won by 4 lengths; 3, Holtham.

Ladies' Single Sculls—1, Miss Dolly Payne; 2, Miss New; 3, Miss Waldy.

Evenrude Race—1, Turner, Victoria; 2, Springett, Maple Bay.

Sailing Race, 2 of Crew—1, Stillwell & Gooding; 2, Kennington & May.

Motor-boat Race, Maple Bay to Cowichan Bay—1, Bromilow; 2, Prevost; 3, Poole.
